NEED OF CYBER SECURITY

Excessive growth of Internet in our day to day life has given exponential rise to sophisticated attacks on IT infrastructure. Smartphone attacks are also growing in multiple folds with the growth of business transactions using mobile phones, there is an exponential increase in mobile malware. In order to make our IT infrastructure resilient against these threats, there is a need for cutting-edge Research and Development efforts in Cyber Security. Specialized Cyber Security program at Flipflop Labs aims to provide students with skills in all aspects of the security of information systems.

LATEST CYBER ATTACK:

Website of National Green Tribunal (NGT) was hacked by Pakistani Hackers after the surgical strike by Indian Armed Force in PoK.

Hackers deface NGT website, slam 'surgical strikes', Kashmir 'killings'

Website Stamped By DARK ANGEL

YOU GUYS!..
We are Unbeatable

The group hacked the NGT website on Monday and posted a message claiming it as revenge of the 'surgical strikes' (NGT website screenshot)

FLIPFLOP

**WORKSHOP
ON
CYBER SECURITY & FORENSICS
ORGANIZED BY
Flipflop Inforsec Labs Pvt Ltd.
at
Prasad V. Potluri Siddhartha
Institute of Technology
Kanuru, Vijayawada,
Andhra Pradesh

19 ~ 20, December 2016**

ABOUT WORKSHOP

Join the workshop program with a reputation for excellence in Cyber Security & Forensics. If you have talent, drive and enthusiasm to shape-up your career in cyber security & Forensics. We can offer the right support. Your inspiration to shape-up your future starts here. Workshop introduces students to the exciting & challenging environment of information security and provides them with the specialized knowledge and professional skills required for the security of Information System. During the workshop students will gain a clear understanding of nature of the security threats that computer systems are facing in today's world. After the workshop students will also be able to perform disk imaging, live analysis, capture volatile data and analyze file systems using open source forensic tools.

REGISTRATION

Registration Link: http://bit.ly/2eFrBlt

Registration Fee: Rs 850/- per student (including all taxes)

Last Date for Registration: 15-Dec-2016

ABOUT FLIPFLOP

Flipflop Inforsec Labs (Start-up of NITTTR, Chandigarh) is an Infosec Consulting & Training Firm with its Head office at NITTTR, Chandigarh. We are a team of experienced IT Professionals, Academicians and research scholars working towards bridging the gap between the industry and academia. With the aim to upsurge the technical skills of young graduating engineers in the field of Cyber Security, Cloud Computing, Wireless Security, Windows Forensics, Linux Forensics, Big Data analytics, Angular JS, android application development, Advance networking. Our training programs are meticulously designed with the collaborative efforts of the academicians and industry professionals which will build highly skilled working professionals hence contributing towards the skilled India Mission started by Government of India.

BENEFITS FOR STUDENTS

- Training will begin from basic evel gradually moving towards advance level.
- Enhances the technical skill set of the students which will help them during their placement drives.
