Raghava,

We received PVPSIT acceptance/ confirmation of the proposed MOU verbally.

Please formalise this, so that we will be able to start the program immediately.

@Dr Raghu: We may start with the Bachler project for 2 engineers, who are interested to build their careers in the Product Design industry. We may keep doing it every semester.

@Dr Rajesh: As it is Covid time, we may not able to take your help in "Electronics course". We may wait for the situation to be good enough for us to visit the University and your lab.

Hope this association gives good results for both sides.

Thank you

Dr Murthy

Subject: Proposal MOU with Grupo Antolin

Dr.K Sivaji Babu

Principal,

PVPSIT

Ref: Our previous engagement and a recent discussion with Mechanical and Electronics department heads.

Respected,

Grupo Antolin is well established automotive interiors company, with world-class Design & manufacturing. A depth of knowledge and expertise on automotive plastics is in the everyday practice of GA. Moving forward our products are getting enhanced with electronics integration. In this scenario, we are keen to exchange the knowledge with PVPSIT for mutual benefit.

GA can provide its expertise in Automotive Plastics Design and PVPSIT can be part of GA's Electronics knowledge enhancement.

A possible MOU between us can be as attached. We appreciate your response and confirmation. We are open to discuss and edit the MOU as it reaches to Win-Win situation.

Thank you,

Dr Murthy S Boorla
