5.1.3.4: Awareness of trends in technology

**Reports on programs organized on trends in
technology**

2020 – 21

Prasad V. Potluri Siddhartha Institute of Technology
Department of Civil Engineering
Land Survey using Total Station
04-01-2021 to 08-01-2021

Date: 02-01-2021

This is to inform to all the concerned that a Total Station Training Program is being arranged under LSIT, Chennai with the details as under:

Topic: Advanced Total Station

Speaker: Mr. M. R. Dinesh, Director, LSIT, Chennai.

Venue: 143

Date: 04/01/2021

Time: 9:00 a.m onwards

IV/IV B.Tech. Students are cordially invited for the training.

Faculty Co-ordinators:

Dr. K. Shyam Prakash

Inauguration Program:

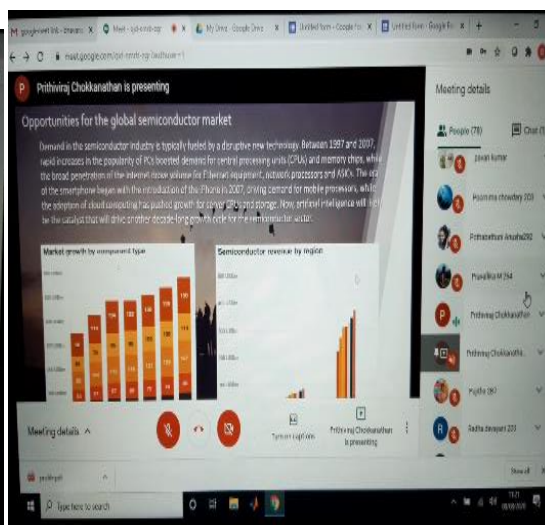

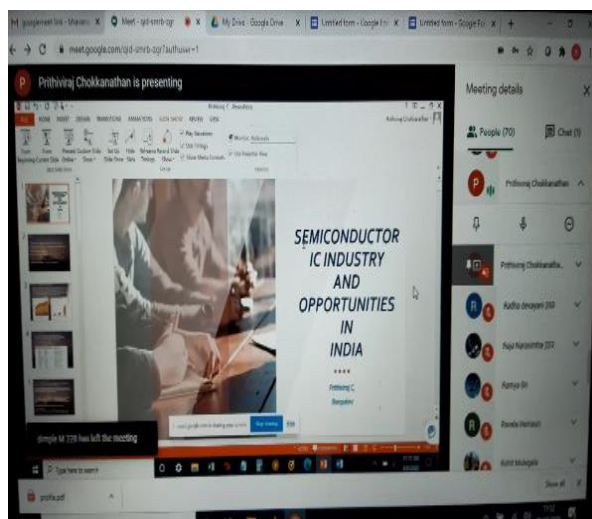

Training Program:

K. Naville
HOD, CE
Professor & Head
Dept. of Civil Engineering
PVP Siddhartha Institute of Technology
Kanuru, VIJAYAWADA-520 007

WEBINAR REPORT

| SUMMARY REPORT ON EVENT ORGANIZED Academic Year 2020-21 | |
|--|---|
| Date of Event Organized | 08-08-2020 |
| Title of the Event | SEMICONDUCTOR IC INDUSTRY AND OPPORTUNITIES IN INDIA |
| Venue | Online mode(Google Meet) 11.00A.M TO 12.00 noon |
| Resource Person Details | Mr.Prithiviraj.C , project leader mediatek semiconductor ,bangalore |
| Brief Report on the Event | The webinar was mainly focused on the opportunities and technologies available in industry in semiconductor manufacturing and various the concepts on semiconductor devices and their applications to industry. The resource person also explained the importance semiconductor technologies and the opportunities available. Students also posed their ideas and took suggestions from the resource persons. |
| No. of the participants | Student Participants-61 Faculty Participants-15 |
| Consolidated Feedback | Good |
| Suggestions if any | NIL |

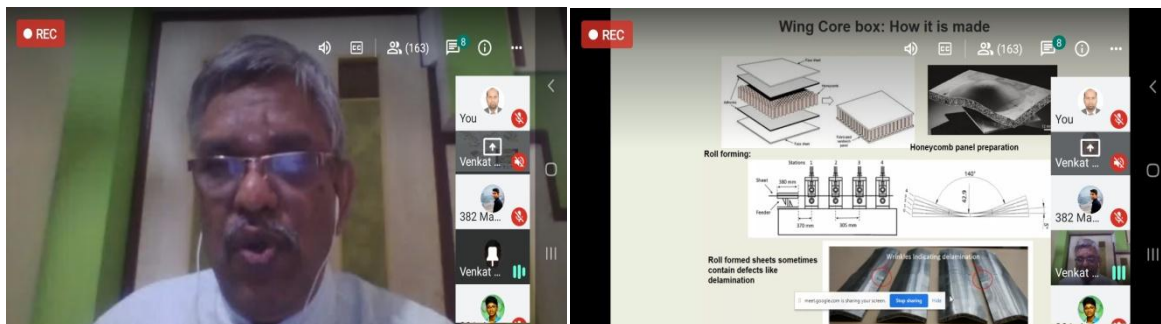

**DEPARTMENT OF MECHANICAL ENGINEERING
PVP SIDDHARTHA INSTITUTE OF TECHNOLOGY, KANURU
GUEST LECTURES AND SEMINARS COMMITTEE**

List of Programmes organized by the department in the academic year 2020-21

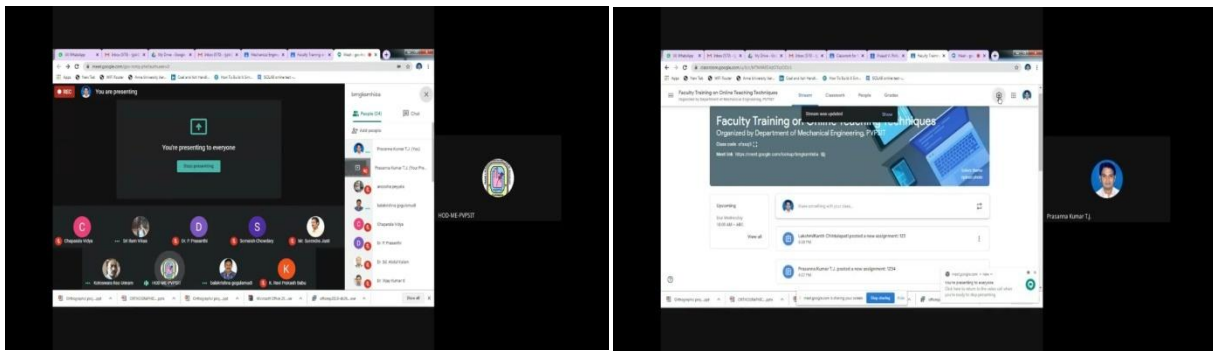

1. Department of Mechanical Engineering has organized a Webinar on “**Design Thinking**” on 25/07/2020 from 10:00 to 11:00 AM. for B.Tech II -Year students and staff. The Resource Person was Mr. Boorla Srinivasa Murthy, General Manager, Grupo Antolin, Spain, Branch office in Vijayawada.

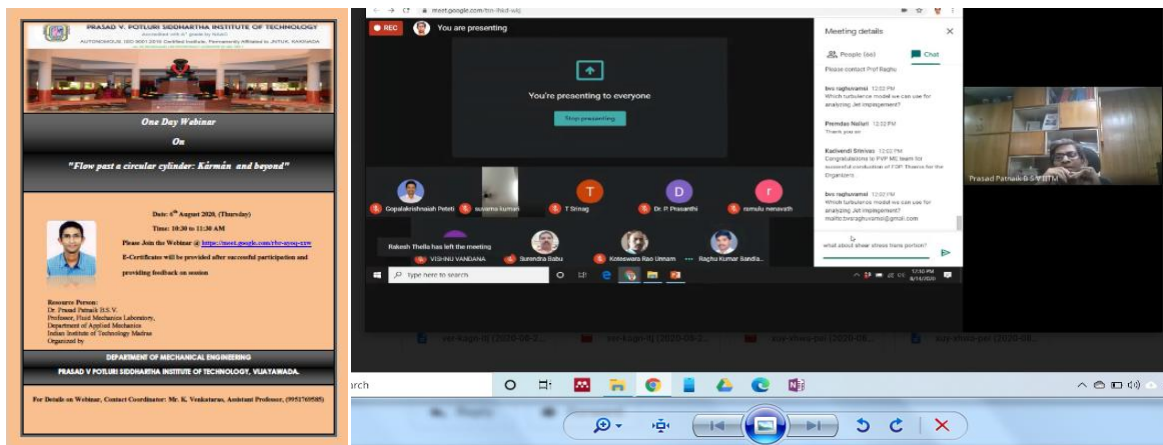

2. Department of Mechanical Engineering has organized a Webinar on “**Advanced Manufacturing Technologies in Aerospace Sector**” on 30.07.2020 from 09:30 to 11:30 AM. for B.Tech III & IV -Year students and staff. The Resource Person was Dr. K. Venkateswarlu, Senior Principal Scientist, NAL, Bangalore.

3. A Webinar on “**Faculty Training Program on Online Teaching Techniques**” by Mr. T. J. Prasanna Kumar, Asst. Prof, Mechanical Engineering Department, PVPSIT for teaching staff of ME on 03.08.2020 at 04:00 to 5:30 PM in the Google meet platform organized by department of Mechanical Engineering.

4. Department of Mechanical Engineering is organizing a Webinar on “**Flow past a circular cylinder: Karman and beyond**” by Dr. Prasad Patnaik B S V, Professor, Department of Applied Mechanics, IIT Madras, Chennai for III & IV -B. Tech. ME students and staff on 06.08.2020 at 10:30 AM in the Google meet platform.

5. Department of Mechanical Engineering has organized one week online Faculty Development Program on “**Recent Developments in Mechanical Engineering**” from 10.08.2020 to 14.08.2020 by Dr. B. Rama Krishna, Scientist-G & Group Head, Armor Technology Center, DRDO, Dr. M. Jaganmohan Rao, Divisional Manager, Ashok Leyland Ltd., Technical Centre, Chennai, Dr. A Venu Gopal, Professor, Department of Mechanical Engineering, National Institute of Technology, Warangal, Sri. S. Sathish Kumar, Scientist/Engineer-‘SE’, U.R.Rao Satellite Centre, Dr. Prasad Patnaik B S V, Professor, Department of Applied Mechanics, Indian Institute of Technology Madras, Chennai in the Google meet platform.

6. Department of Mechanical Engineering has organized a Webinar in association with ISHRAE Vijayawada sub-chapter on “**Chilled Water System Design**” by Dr. RVSS Prasad, Business

Department of Mechanical Engineering

-
- A screenshot of a Zoom meeting. On the left, a man with a beard and a light blue shirt is speaking. The Zoom interface includes a 'Zoom' button, a 'Leave' button, and a 'Share' button. On the right, a presentation slide is displayed. The slide is titled 'Specialised Programs' and features the UPES logo. It lists various programs in three columns: Analytics and Big Data, Digital Marketing, Tourism and Hospitality Management, Auto Marketing, Entrepreneurship and Family Business, Banking, Insurance and Management, Aviation Management, Financial Analysis and Services, Taxation, Human Resource Management, Foreign Trade, Actuarial Sciences, Marketing Management, Logistics Management, Economics, Operations Management, Oil and Gas Marketing, Public Policy and Administration, and Energy Economics. The slide also includes a 'School of Design' logo. The Zoom interface at the bottom shows icons for 'Unmute', 'Share', 'Share Screen', 'Participants', and 'More'.

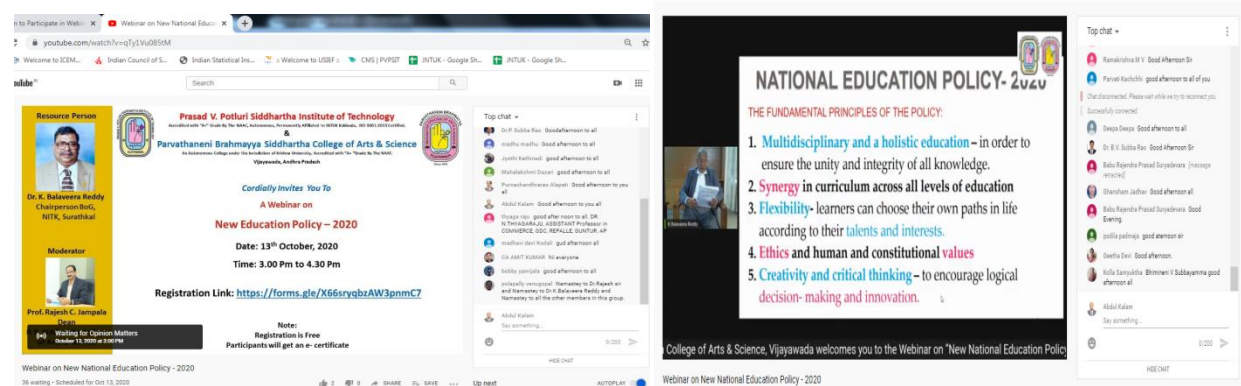

9. Department of Mechanical Engineering Organized a Webinar on “**Road safety from vehicle perspective**” by Dr. Sachin L. Borse, Professor, Department of Mechanical Engineering, Imperial College of Engineering and Research, Pune, Maharashtra for III & IV -B. Tech. ME students and staff on 09.10.2020 at 10:30 AM in the Google meet platform.

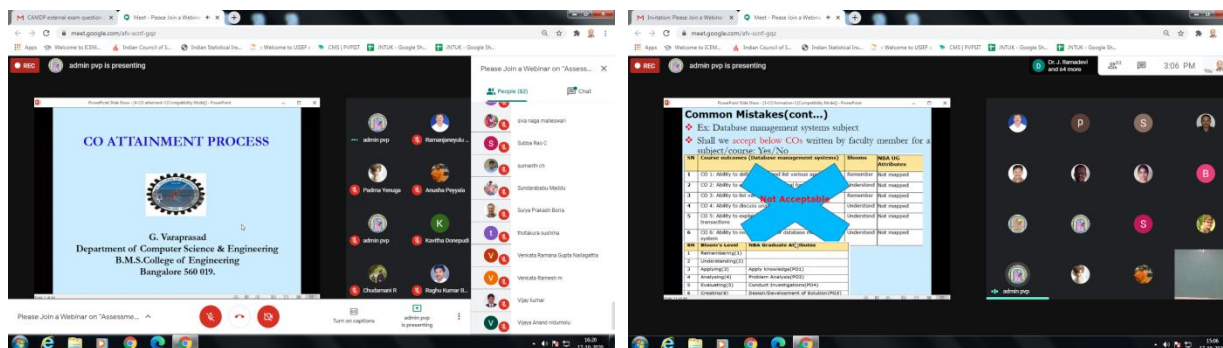

10. Department of Mechanical Engineering arranged a **Online Live Design Now Workshop on "Fusion 360" Session-1** by Mr. Kranthi Kumar Palisetty, Senior Technical Trainer, ICT academy powered by AUTODESK, Chennai on 10.10.2020 for III & IV -B. Tech. Mechanical Engineering students.

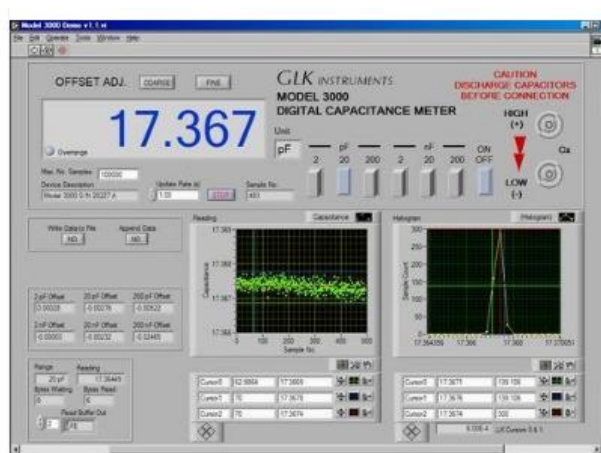

11. Staff of Mechanical Engineering Department participated in the Webinar on “**New National Educational Policy-2020**” by Dr. Balaveera Reddy, Chairperson BoG, NITK, Surathkal Jointly Organized by PVP Siddhartha Institute of Technology & P B Siddhartha College of Arts & Science, Vijayawada, Andhra Pradesh on 13.10.2020 from 3:00PM to 5:00PM.

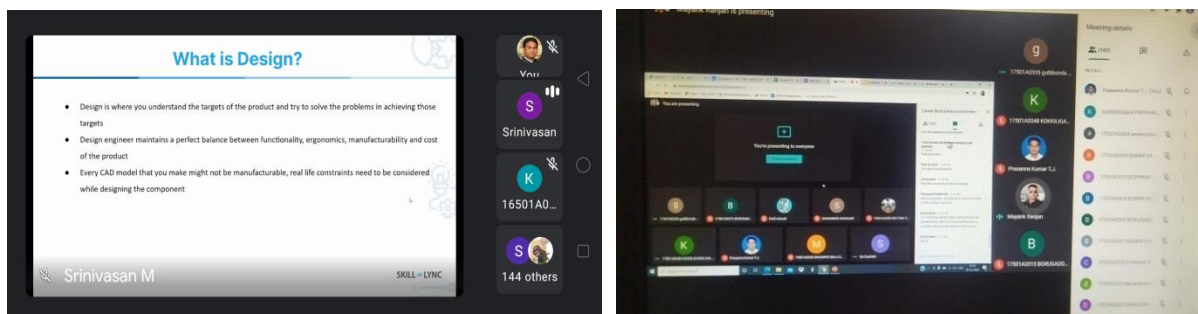

12. Staff of Mechanical Engineering Department participated in the Webinar on “CO Attainment Process” by Dr. G. Varaprasad, Professor, Department of Computer Science and Engineering, BMS College of Engineering, Bangalore organized by PVP Siddhartha Institute of Technology, Vijayawada, Andhra Pradesh on 17.10.2020 from 3:00PM to 5:00PM.

13. Department of Mechanical Engineering Organized a Webinar on “Awareness Programme on Lab VIEW” by Mr. E. Murali Krishnan, CEO, Opti Thought Technologies, Chennai on 23.11.2020 for III-B. Tech. Mechanical Engineering students from 11.45 AM to 12:45 PM in the Google meet platform.(94 students are attended).

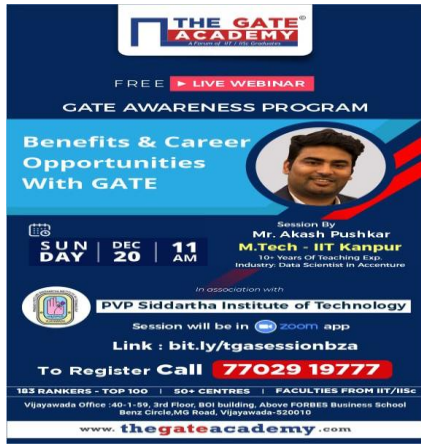

14. Department of Mechanical Engineering Department has organized a “**Skill Lync Career Bootcamp-Live Technical Session**” by Mayank Ranjan, CEO & M Srinivasan, Technical Trainer, Skill Lync, Chennai on 16.12.2020 for II & IV -B. Tech. Mechanical Engineering students.

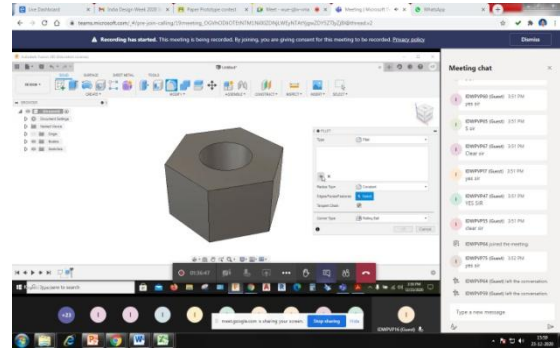

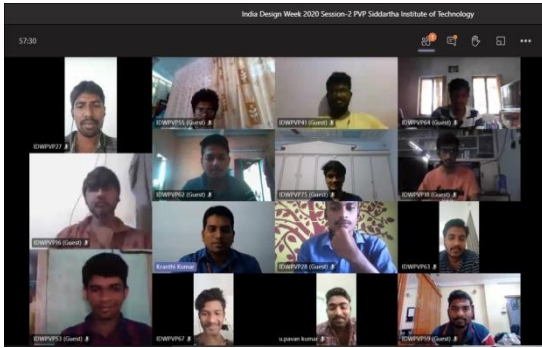

15. Department of Mechanical Engineering Department has organized a “**GATE Awareness Program Benefits & Career Opportunities with GATE**” by Mr. Akash Pushkar, M.Tech

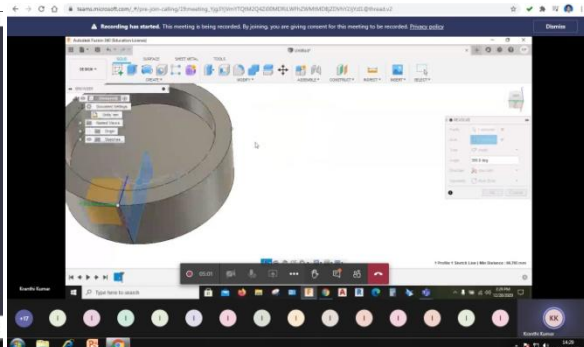

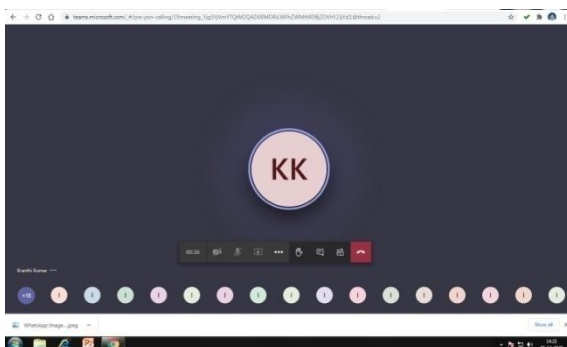

IIT Kanpur, Data Scientist in Accenture, GATE Academy on 20.12.2020 for II & III -B. Tech. Mechanical Engineering students.

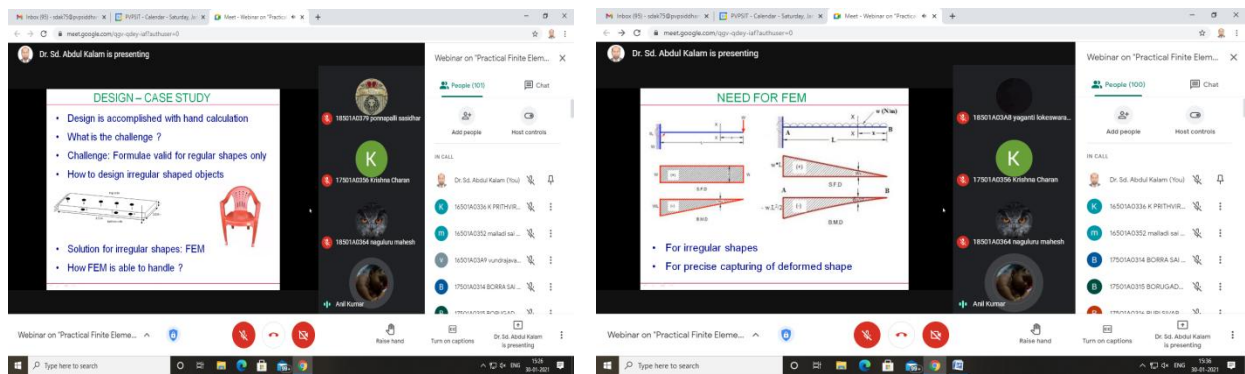

16. Department of Mechanical Engineering has arranged a “**Online Live Design Now Workshop on "Fusion 360" Session-2**” by Mr. Kranthi Kumar Palisetty, Senior Technical Trainer, ICT academy powered by AUTODESK, Chennai on 23.12.2020 for III & IV -B. Tech. Mechanical Engineering students.

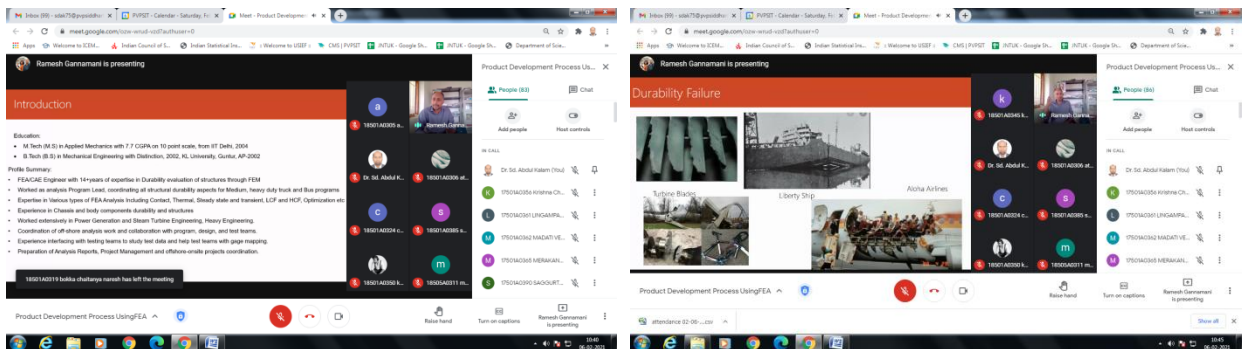

17. Department of Mechanical Engineering has arranged a “**Online Live Design Now Workshop on "Fusion 360" Session-3**” by Mr. Kranthi Kumar Palisetty, Senior Technical Trainer, ICT academy powered by AUTODESK, Chennai on 28.12.2020 for III & IV -B. Tech. Mechanical Engineering students.

18. Department of Mechanical Engineering has organized a Webinar on “**Practical Finite Element Analysis**” by Dr. P. Anil Kumar, Scientist F, Research Centre Imarat, Defence R&D Organization (DRDO), Hyderabad for III & IV -B. Tech. ME students and staff on 30.01.2021 at 02:00 PM in the Google meet platform.

19. Department of Mechanical Engineering organized a Webinar on “**Product Development process using FEA**” by Sri. G. Ramesh, FEA Structural durability consultant, Finitum Tech., Velivennu, West Godavari District, A.P. for III & IV -B. Tech. ME students and staff on 06.02.2021 at 10:30 AM in the Google meet platform.

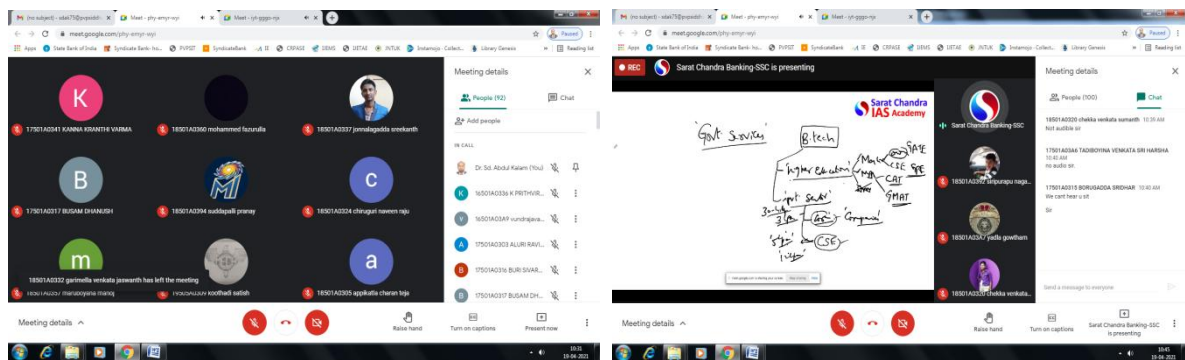

20. Department of Mechanical Engineering organized a Guest Lecture on “**Arrow Power**” by Sri. ARK Chowdery, Director, Kusalava International Ltd., Telaprolu, Vijayawada for II-B. Tech. ME students and staff on 10.02.2021 from 02:00 PM in the Ground floor Seminar hall.

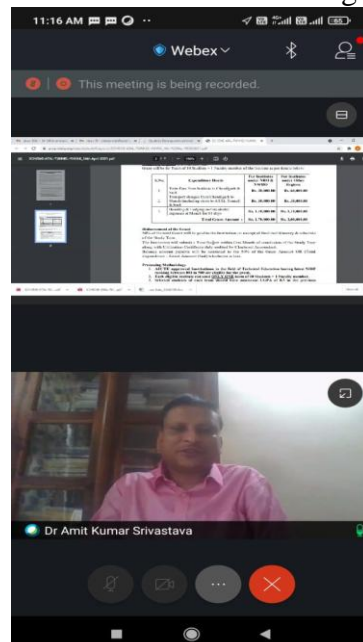

21. Two day **International Conference** on RECENT ADVANCES IN MECHANICAL ENGINEERING (ICRAME-2021) on 26.03.2021 and 27.03.2021 organized by Department of Mechanical Engineering sponsored by Siddhartha Academy of General and Technical Education, Vijayawada.

22. Department of Mechanical Engineering organized a Webinar on “**Career Guidance**” by Sri. Sarat Chandra, Managing Director, Sarat Chandra IAS Academy, M.G. Road, Vijayawada for III & IV -B. Tech. ME students on 19.04.2021 at 10:00 AM to 11:00AM in the Google meet platform.

23. Department of Mechanical Engineering organized online interaction with students on YUVAK scheme by Dr. Amit Kumar Srivastava, Director, Student Development Cell (St.DC), All India Council for Technical Education (AICTE) for II & III-B. Tech. ME students on 02.06.2021 at 11:00 AM in the Google meet platform.

Guest Lectures -2020-2021

Dept. of E.C.E

1. Three weeks workshop on “Programming with Python ” was conducted from 07-06-2021 To 26-06-2021 for I year B.Tech. ECE students.

Resource Person: K Narmada Mani,Trainer APSSDC K.Mangatayaru ,Trainer APSSDC.

Feedback from students: Learned about Programming with Python which is very useful.It creates enthusiasm about learning python language.

2.. Guest lecture on “Digital system design using Verilog” was conducted on 30-01-2021for III year B.Tech ECE.

Resource Person: Dr. N.Krishna Chaitanya, Assoc. Professor Sasi Institute of Technology& Engineering Tadepalligudem.

Feedback from students: : Guest lecture was much informative and learnt about Digital system design using Verilog.

3. Training program on “FPGA based digital system design “ was conducted from 18-01-2021 To 28-01-2021 for III B.Tech. ECE students.

Resource Person: Mr K.Pradeep Application Engineer, ApplyVolt Technologies Pvt.Ltd,

Feedback from students: Guest lecture Enlightening and have understood the opportunities in Embedded Systems

4. Training program on “Embedded System design using MSP430” was conducted from 29-12-2020 To 31-12-2020 for IV B.Tech. ECE students.

Resource Person: Mr.Nishanth, EdGate Technologies Bangalore

Feedback from students: : Learned about Embedded System design using MSP430 and had hands on sessions which is very useful.

5.Training on “Engineering Solutions using Graphical Programming -NI Lab VIEW Core 1&2” was conducted from 203-08-2020 To 26-09-2020 for III year B.Tech. ECE students.

Resource Person: Mohamed pharsath M Application Engineer, Optithought Solutions Pvt. Ltd,Chennai.

Feedback from students: Learned about Engineering Solutions using Graphical Programming -NI Lab VIEW Core 1&2 and had hands on sessions on creating circuits, which is very interesting and very useful.

6. Training program on "Python Programming" was conducted from 03-8-2020 To 21-8-2020 for III year B.Tech. ECE students.

Resource Person: 1. Ambika Puvvula, APSSDC

2. K.Veeravanitha, APSSDC

Feedback from students: Learned about Programming with Python which is very useful. It creates enthusiasm about learning python language.

| SUMMARY REPORT ON EVENT ORGANIZED Academic Year 2020-21 | |
|--|--|
| Date of Event Organized | 03.02.2021 to 04.02.2021 |
| Title of the Event | Two day workshop on "CYBER SECURITY" |
| Resource Person Details | Dr D.SAI SATISH Founder & CEO of Indian Servers, Vijayawada |
| Brief Report on the Event | <p>He told that Cyber security refers to the body of technologies, processes, and practices designed to protect networks, devices, programs, and data from attack, damage, or unauthorized access. Cyber security may also be referred to as information technology security. is important because government, military, corporate, financial, and medical organizations collect, process, and store unprecedented amounts of data on computers and other devices. Elements of cyber encompass all of the following:</p> <p>Network security: The process of protecting the network from unwanted users, attacks and intrusions.</p> <p>Application security: Apps require constant updates and testing to ensure these programs are secure from attacks.</p> <p>Endpoint security: Remote access is a necessary part of business, but can also be a weak point for data. Endpoint security is the process of protecting remote access to a company's network.</p> <p>Data security: Inside of networks and applications is data. Protecting company and customer information is a separate layer of security.</p> <p>Identity management: Essentially, this is a process of understanding the access every individual has in an organization.</p> <p>Database and infrastructure security: Everything in a network involves databases and physical equipment. Protecting these devices is equally important.</p> <p>Cloud security: Many files are in digital environments or "the cloud". Protecting data in a 100% online environment presents a large amount of challenges.</p> |

| Date of Event Organized | 30.03.2021 |
| Title of the Event | Industry Institute Interaction and ED cell is organized an Entrepreneurship development program on "How to become an Entrepreneur" |
| Resource Person Details | Mr. K. Venkata Sai Nadh, IT Development Manager, Maganti IT Solutions Pvt. Ltd, Vijayawada |
| Brief Report on the Event | <p>He told that You might think of an entrepreneur as someone who starts or runs a small business, but there's more to it than that. At a fundamental level, entrepreneurship is about identifying opportunities and taking on risks to fill them. Entrepreneurs as a class tend to be excited by (rather than afraid of) the challenges that come with solving problems that have never been solved. If you want to become an entrepreneur remember the following points</p> <ul style="list-style-type: none"> • Identify a problem that you feel driven to solve. • Consider your role as founder. • Don't go it alone. • Determine how you'll add value to people's lives. • Take the plunge. |

Four core building blocks of blockchain

Blockchain

A shared ledger: The shared ledger appends only the distributed transaction record.

Cryptography: Cryptography in a blockchain ensures authentication and verifiable transactions.

Trust systems or consensus: Trust systems refer to using the power of the network to verify transactions.

Business rules or smart contracts: Smart contracts are the business terms that are embedded in a blockchain. This is also the rules component of a blockchain solution. It is needed to define the flow of value and state of each transaction.

Event Summary Report

1. Name of the Event: **Role of Algorithms in Software Development**
2. Event Type: **Industry Institute Interaction-Webinar**
3. Date of the Event : 19-06-2021
4. Name of the Industry: **TCS Pvt. Ltd.**
5. Resource Person (s) with complete address along with mail-id: (Name, Designation, Address, Qualification, mail-id and achievements) :

Mr. Faiyazthulla Shaik,
Developer, Systems Engineer,
TCS Pvt.Ltd, Hyderabad.

6. Attendees of the Event: (Student s/ Faculty / Both) : **II B.Tech. Students**
7. No. of participants: 167

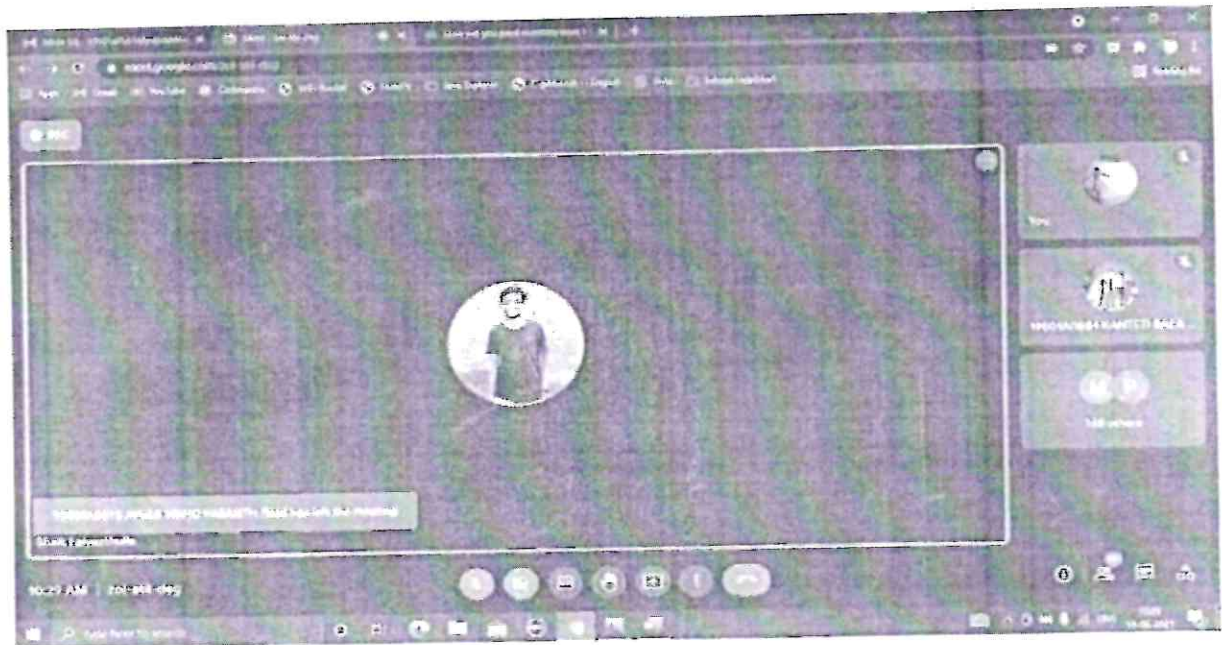

- a) Mention Count separately if students and faculty both were attended
- b) If any outside participants were attended give their Name, Designation, College/Industry name they are working
- c) Total No. of Participants : 167

8. Topics covered: **Process flow and Phases in Software Development with application examples, Optimal Code and Upskilling.**

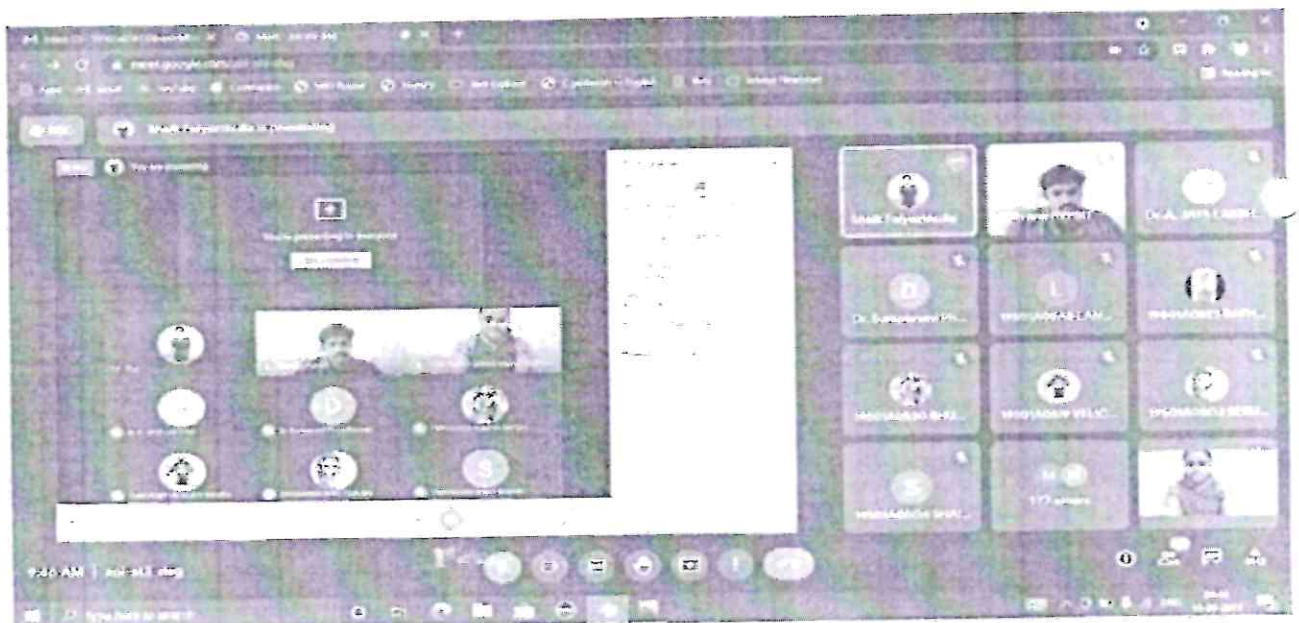

9. Brief Description of the Event: Minimum 250 words:

Role of Algorithms – A brief introduction about Process flow and Phases in Software Development with application examples. Explains in detail along with Real time projects in TCS. Also given the suggestions for improving optimization skills: to develop

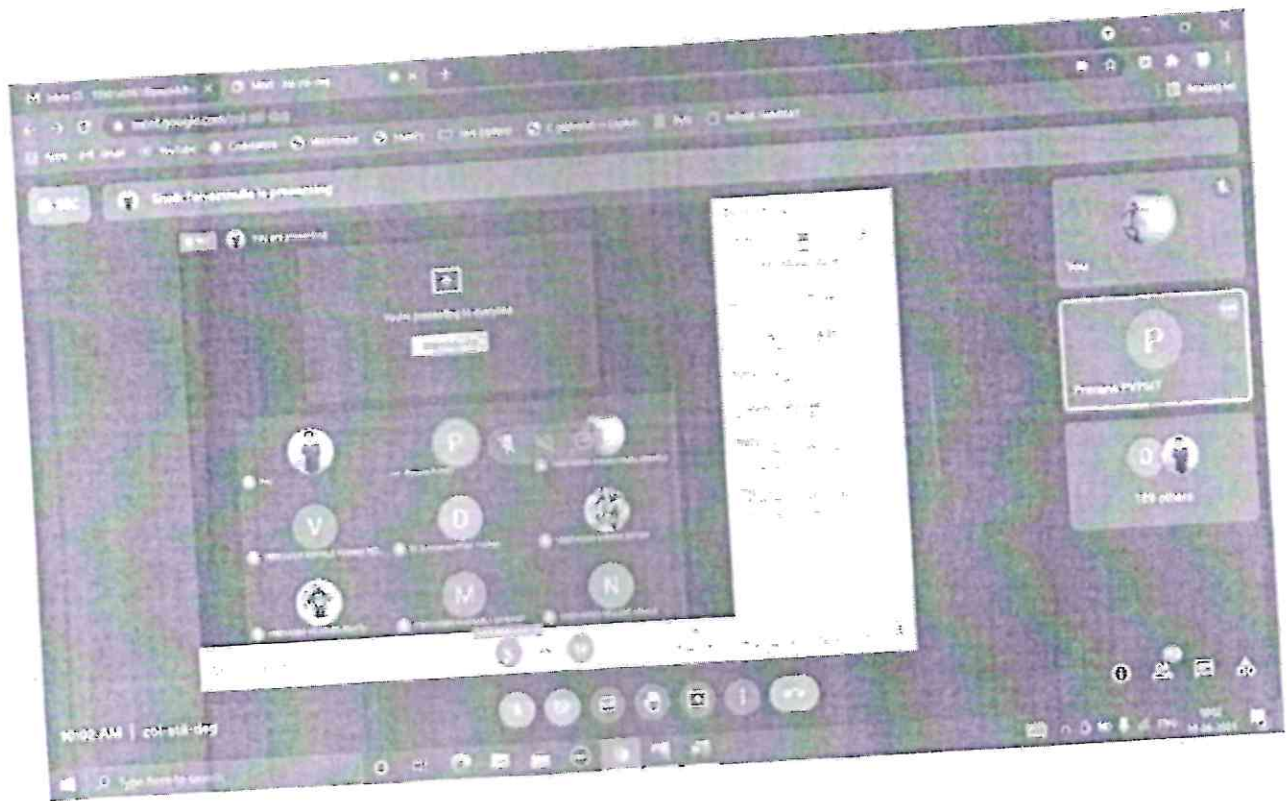

optimum code. Explains about different kinds of companies – atmosphere over there, about upskilling and how companies spend on the resources .

7. Attendees of the Event: (Students/ Faculty / Both) : **IV B.Tech. Students**
8. Number of participants: **101**
9. Topics covered: **HTML, CSS, JAVA SCRIPT, JQUERY & ANGULAR JSP along with simple application examples**
10. Brief Description of the Event:

What is HTML – a brief introduction and how to use HTML in developing documents designed to be displayed in a web browser. Cascading Style Sheets (CSS) is a style sheet language used for describing the presentation of a document written in a markup language such as HTML. Creation of Internal and External CSS to use and Changing HTML styles. Explains in detail along with simple application of JAVA SCRIPT and JQUERY. JQUERY takes a lot of common tasks that require many lines of JavaScript code to accomplish, and wraps them into methods that you can call with a single line of code. And explain the importance of Angular JSP a structural framework in various kinds of dynamic web applications. Through this

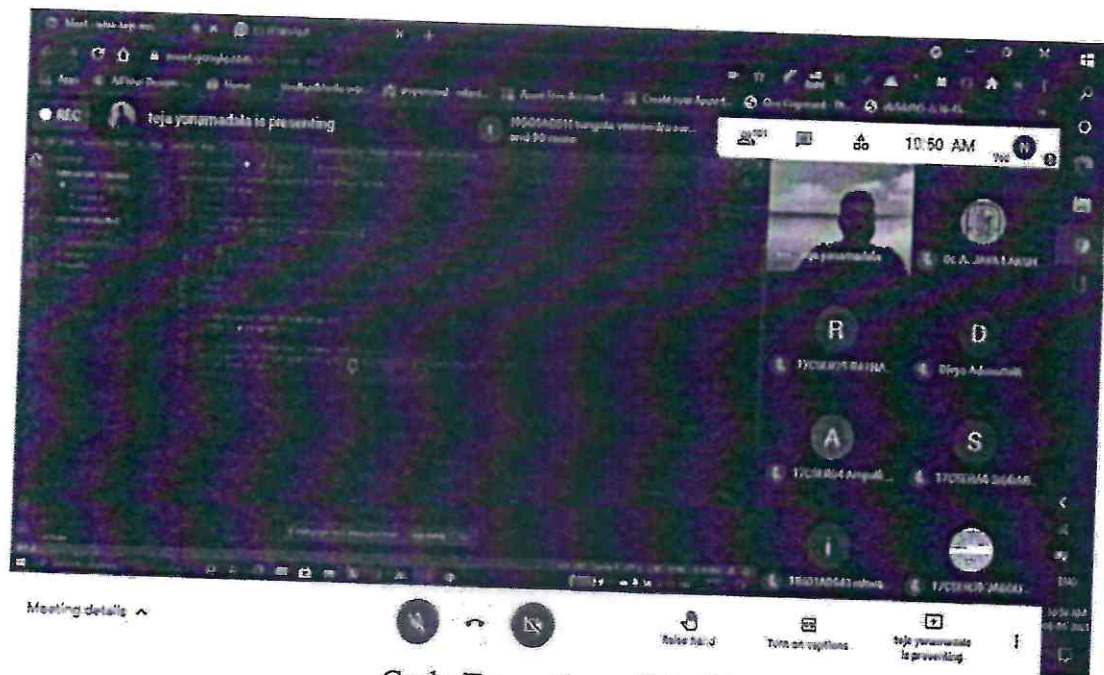

webinar students get more knowledge about HTML, JAVA SCRIPT and ANGULAR JSP.

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

**INDUSTRY INSTITUTE INTERACTION-WEBINAR
ON
WEB DEVELOPMENT**

The flyer is a vertical rectangular poster with a dark purple background. At the top, the text 'Department of Computer Science & Engineering' and 'Industry Institute Interaction' is written in a light blue, sans-serif font. Below this, the title 'WEBINAR on WEB DEVELOPMENT' is centered in a bold, white, sans-serif font. In the center of the flyer is a circular portrait of a man with a beard and glasses, wearing a patterned shirt. To the right of the portrait, the date and time 'SATURDAY MAY 8th, 2021 10:30AM' are written in a white, sans-serif font. Below the portrait, on the left, is a small Google Meet logo and the URL 'https://meet.google.com/whw-talp-mrc'. To the right of the URL, the text 'Resource Person:' is written in a white, sans-serif font, followed by 'Mr. Teja Venkata Krishna Yanamadala' in a larger, bold, white, sans-serif font. Below his name, his title 'Technology Analyst' and company 'Infosys Ltd, Hyderabad' are written in a smaller, white, sans-serif font. At the bottom left, the text 'Co-ordinators:' is written in a white, sans-serif font, followed by 'Dr. A. Jaya Lakshmi' and 'Ms. A. Divya' in a smaller, white, sans-serif font. At the bottom center, there is a small logo of the institute, followed by the text 'Prasad V. Potluri Siddhartha Institute of Technology' and 'Autonomous, Permanently Affiliated to JNTUK, Kakinada' in a white, sans-serif font. At the very bottom left, there is a small text 'Made with PosterMyWall.com'.

11. Brief Description of the Event: Minimum 250 words

The objective of the One-week FDP on Blockchain Technology is to introduce fundamentals of blockchain technology as well as implementations of blockchain technology with their real-time applications. One Week FDP on Blockchain technology that features Blockchain programming, Solidity, Ethereum, the ideas of distributed ledger, Hyperledger, MultiChain, cryptocurrency, Bitcoin mining, Blockchain design, core layers, applications, and more.

This FDP would connect professionals, researchers and people from the industry, to confabulate on development on futuristic research and the practical utilization of blockchain technologies, and also focus on the application and the technologies that are built. The objective of this FDP was also to focus on emerging technology in blockchain.

Event Summary Report

1. **Name of the Event:** HANDS ON FDP AND STUDENT WORKSHOP ON CLOUD COMPUTING WITH MICROSOFT AZURE
2. **Event Type:** Industry Institute Interaction-FDP & STUDENT WORKSHOP
3. **Date of the Event :** 09-11-2020 To 14-11-2020
4. **Name of the Industry:** Tata Consultancy Services
5. **Resource Person Details:**
Mr. Prasanth Sahoo, Certified Blockchain Expert | Cloud Trainer | Cloud Architect, Tata Consultancy Services, Hyderabad. Prasanth.sahoo45@gmail.com,
6. **Attendees of the Event:** IV B.Tech. Students & Faculty
7. **No. of participants:** 125 (Students – 103; Faculty – 22)
8. **Topics covered:**
Cloud Concepts, Azure Account, Deploying Azure Virtual Machines, Configuring and Managing Azure Virtual Network, Implement and Manage Azure Storage, Azure Core Services and Products, Azure Solutions, Security, Compliance and Trust and Azure Pricing and Support
9. **Brief Description of the Event:**
Microsoft Azure is a cloud computing service created by Microsoft for **building, testing, deploying, and managing applications and services through a global network of Microsoft-managed data centers**. It provides **software as a service (SaaS), platform as a service (PaaS) and infrastructure as a service (IaaS)** and supports many different programming languages, tools and frameworks, including both Microsoft-specific and third-party software and systems.
Azure Application Platform

Cloud Computing

Simply put, cloud computing is the delivery of computer services—storage, databases, networking, software, analytics, intelligence and more—over the Internet ("the cloud") to offer flexible innovation, faster resource and economics of scale. You typically pay only for cloud services you use, helping lower your operating costs, run your infrastructure more efficiently and scale as your business needs change.

- Hackathon winner organized by Google Cloud Developers Division in collaboration with start-ups at Portland Oregon.
- Experience in using agile/scrum methodology
- Automation for testing of DL,IoT frameworks.

6. Attendees of the Event: **IV B.Tech. Students & Faculty**

7. No. of participants: **200** (Students – 130; Faculty – 70)

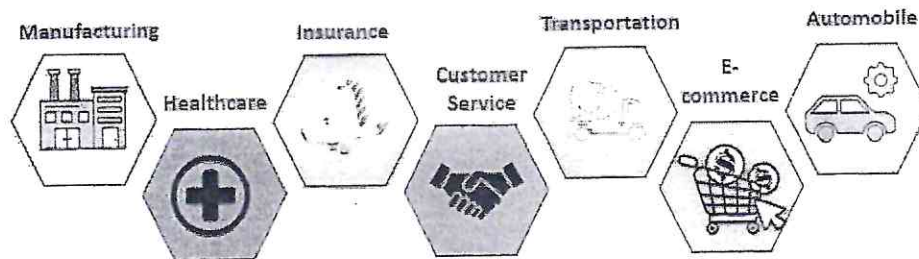

8. Brief Description of the Event: Minimum 250 words :

❖ **Perspective of Machine Learning:** The concepts of machine learning is classified into supervised and unsupervised learning techniques which in turn has a sub-classification of Clustering, Classification and Regression techniques with a set of algorithms in each set of sub-classification.

❖ Machine learning also helps in estimating disease breakthroughs, driving medical information for outcomes research, planning and assisting therapy, and entire

patient management. Along with machine learning, AI in healthcare is also implemented for efficient monitoring.

Application of Machine Learning

www.educba.com

❖ Hands-On Machine Learning with Scikit-Learn, Keras, and TensorFlow

By using concrete examples, minimal theory, and two production-ready Python frameworks—Scikit-Learn and TensorFlow

- Explore the machine learning landscape, particularly neural nets
- Use Scikit-Learn to track an example machine-learning project end-to-end
- Explore several training models, including support vector machines, decision trees, random forests, and ensemble methods
- Use the TensorFlow library to build and train neural nets
- Dive into neural net architectures, including convolutional nets, recurrent nets, and deep reinforcement learning.

1. Name of the Event: **Automation and AI Transformational Journey**
2. Event Type: (Webinar) Organized under CSI-PVPSIT-Vijayawada-Branch
3. Duration: 18.07.2020
4. Venue: Online-mode (Google-meet).
5. Resource Person: Dr.V.Sunil Kumar Director Data Science, Ericsson, Bangalore.
6. Topics covered: • Sustainability as key aspect of the environment • Introduction of IoT and ML • Applications of ML and IoT: • Smart energy management • Smart grid • Specific use cases: • Plug load energy management system (PLEMS) and Hybrid PLEMS • Water management system • Research challenges • Next steps •
7. Amount Spent: 5000
8. Event conducted for: (Students)
9. No. of participants: 100
10. Brief Description of the Event: Internet of Things is about connecting people with things (machines, cars, appliances) and ambience (processes, weather) around them. Connecting the unconnected IoT technologies which include sensors, actuators, RFIDs, smart plugs, smart meters, etc. with wireless communication capabilities are becoming increasingly available in the market at lower costs (compared to earlier) fuelling wide-spread adoption by the industry for addressing a variety of business problems and challenges.

Webinar Final Parti...xlsx

04:42 1:36:08

Here the constants k_{ij} , $i = 1, 2$, $j = 1, 2, 3$ are given by

$$\begin{cases} k_{11} = [\lambda_1 - u_{01}(2)]w_1(1) + k_{13}[1 - w_1(1)], \\ k_{12} = [\lambda_1 - u_{01}(2)] - k_{13}, \\ k_{13} = A[\lambda_1 - u_{01}(2)]w_1(1)/[Aw_1(1) - 1], \\ k_{21} = [\lambda_2 - u_{02}(2)]w_2(1) + k_{23}[1 - w_2(1)], \\ k_{22} = [\lambda_2 - u_{02}(2)] - k_{23}, \\ k_{23} = B[\lambda_2 - u_{02}(2)]w_2(1)/[Bw_2(1) - 1], \end{cases} \quad (26)$$

where

$$A = \left[1 - \frac{(a_1(1))^2 + \varepsilon[b_{11}(1) + b_{12}(1)]}{\varepsilon a_1(1)} + \frac{a'_1(1)}{a_1(1)} \right],$$

$$B = \left[1 - \frac{(a_2(1))^2 + \varepsilon[b_{21}(1) + b_{22}(1)]}{\varepsilon a_2(1)} + \frac{a'_2(1)}{a_2(1)} \right].$$

It is easy to see $|k_{ij}| \leq C\varepsilon$, $i = 1, 2$, $j = 1, 3$ and $|k_{i2}| \leq C$, $i = 1, 2$.
