

Prof. Dr. Bassam El Ali holds a DEA in Petroleum Sciences (1985) from the French Institute of Petroleum (IFP) and a Ph.D. degree in Petroleum Sciences (1989) from the University P. M. Curies (Paris 6) and the IFP, France. He is currently a Professor of Catalysis, the Graduate Coordinator and the Office Director of the Arabian Journal for Science and Engineering (AJSE) at the Chemistry Department of King Fahd University of Petroleum & Minerals (KFUPM) in Saudi Arabia. Dr. El Ali has received several prizes and awards for his scientific excellence and innovation. His research interests focus on the design of new homogeneous and supported catalysts and their applications in various chemical and petrochemical processes. He has conducted and contributed to more than 20 research projects. He has published more than 75 research articles in international indexed and refereed journals and co-authored one book and many chapters. In 2006, Dr. El Ali was appointed as the Managing Editor and Editor-in-Chief of the AJSE. In 2011, Dr. El Ali succeeded to conclude an agreement based on which the AJSE is published with Springer.
