8. CLEAN & GREEN ENERGY- GUEST LECTURE PCRA

On 25th JAN 2021, the Student Council of PVPSIT organized a virtual guest lecture on “**Clean & Green Energy**”. The session, conducted by senior professionals from PCRA (Petroleum Conservation Research Association), focused on the conservation of natural resources and the utilization of renewable sources of energy. 150 students from different streams of engineering were part of this virtual guest lecture.

Key topics have included the benefits of clean energy, the impact of renewable sources on the environment, and practical ways to incorporate sustainable practices in daily life. The virtual format of the lecture allowed for widespread access, enabling students to grasp essential insights into the significance of clean and green energy.

By featuring experts from PCRA, the Student Council aimed to educate and inspire students about the vital role they can play in conserving resources and promoting a sustainable future through responsible energy consumption.
