### **Quality Circles and Outcome**

(Please attach Annexure if required)

1. The department has a quality circle on consultancy
2. Outcomes:

The department of Civil Engineering has implemented a quality circle focused on consultancy, leading to a noteworthy of Rs.10,11,462/- to the year 2024-25. This initiative demonstrates the quality circles commitment to ongoing monitoring, progress assessment, and continual improvement in their operations.

### **Best Practices in the Department**

(Please attach Annexure if required)

1. Reasonable Consultancy through Quality Circle Initiatives
2. Good number of summer internships, programmes and guest lectures

### **SUMMARY**

The Department of Civil Engineering has demonstrated a strong commitment to practical application and consultancy, evidenced by significant revenue generation and the establishment of industry-collaborative centres. However, the department faces critical challenges regarding student academic progression in lower semesters and the acquisition of government-funded research grants. The teaching-learning process is well-structured, though outcomes in terms of high-value placements and initial student pass rates require immediate strategic intervention.

### **STRENGTHS OF THE DEPARTMENT:**

- Quality Circle on Consultancy resulted in revenue generation (Rs. 10.1 Lakhs).
- A good number of (14) MoUs in place and an active Centre of Excellence with Ultra Tech Cement.
- All the faculty participated in enrichment programs and over 50% are holding Ph.Ds.
- Well-equipped labs with recent high-value additions such as Total Stations.
- Weekly interactions with alumni and bi-weekly interaction with industry experts and monthly interaction with leading academicians.

### **WEAKNESSES OF THE DEPARTMENT:**

- Very low pass rate (48%) for students moving from 1<sup>st</sup> to 2<sup>nd</sup> year. The low pass percentage in early semesters poses a threat of increased dropouts or detained students.
- Absence of government-funded R&D projects or patents.
- While placement quantity is decent, the pay packages are low, with zero offers above 5 LPA.

### **SUGGESTIONS FOR IMPROVEMENTS:**

1. Academic performance of First-Year Students: The 48% transition rate from I year to II year requires immediate attention.

*A. S. Balyan  
12/12/25* *AD* *12/12/25*

- ✓ Implement a mandatory "Bridge Course" for incoming students to strengthen fundamentals.
  - ✓ Introduce remedial classes specifically for the subjects causing the 44.68% pass rate in Semester I.
2. **Elevate Research:** While consultancy is excellent, the department lacks "Scientific Research" recognition (Grants/Patents).
- ✓ The faculty members involved in consultancy should be incentivized to convert their industrial findings into patent filings or research papers.
  - ✓ Form a special committee to draft proposals for DST/SERB funding, as current government funding is Nil.
3. **Improve Placement Quality:** While placement quantity is decent, the pay packages are low.
- ✓ Offer value-added courses on digital construction tools which can fetch higher salaries than traditional site engineering roles.
  - ✓ Leverage the MOUs not just for activities, but specifically for placing students in niche technical roles.
  - ✓ With 33 guest lectures from alumni, there is an opportunity to formalize this into a mentorship program for placements.
4. **Enhance Professional Society Integration:** With 19 activities under ISTE/ICI/IGBC and a "Best ICI Student Chapter Award", the department is active.
- ✓ Use these platforms to host a national-level hackathon or design challenge to increase department visibility and attract better recruiters.
5. **Faculty PhD Completion:** With 3 faculty currently pursuing PhDs, the department should provide workload reduction to ensure these are completed to improve the Ph.D. ratio.

(Please attach Annexure if required)

#### Annexure -3

#### SUMMARY

The Department of Computer Science & Engineering demonstrates strong academic performance with high student pass percentages and a very good placement record. The curriculum is up-to-date (PVP23 Regulation), and the department has successfully integrated value-added courses and industry interactions. While consultancy work shows promise with international projects, government-funded research remains an area requiring immediate conversion from "applied" to "sanctioned."

#### STRENGTHS OF THE DEPARTMENT:

- Outstanding pass percentage (95.31% for outgoing batch) and zero backlogs for 162/213 graduates.
- Strong placement rate (84.9%) with a high package of 18 LPA.
- Successful execution of international consultancy (JP Morgan Chase) worth \$25,000.
- High volume of certifications (423 Infosys Springboard, 300 Spoken Tutorial).
- As 17 faculty members are currently pursuing Ph.D.s, there is a scope to double research output soon.
- 3 Faculty members secured Discipline-Star Certification from NPTEL.

A. S. Babu  
12/12/25

APL  
12/12/25

### WEAKNESSES OF THE DEPARTMENT:

- Despite applying for ₹1.48 Crores, there are zero ongoing or completed government-funded R&D projects.
- Less than 50% of the faculty (46.87%) currently hold a Ph.D.
- The department currently has no Post Graduate (M.Tech) program.
- The majority of placed students (123) are in the <5 LPA bracket.

### SUGGESTIONS FOR IMPROVEMENTS:

1. Accelerate Faculty Ph.D. Completion: 17 Faculty members are currently pursuing Ph.D.s.
  - ✓ The department should implement a rigid timeline and support mechanism (reduced workload) to ensure these faculty members graduate within the next 2 academic years. This will significantly improve the cadre ratio and research capability.
2. Strategic Focus on High-Value Placements: While 181 students were placed, 123 of them received packages of < 5 Lakhs, and only 4 received > 10 Lakhs.
  - ✓ The "Skill Oriented Training" quality circle should focus toward product-based company preparation. The coding challenges on CodeChef/SPOJ are a good start, but should be intensified for the top 20% of the class to target packages above 10 LPA.
3. Conversion of R&D Proposals: ₹1.48 Crores in government projects have been applied for, but none were sanctioned.
  - ✓ The Research Groups (AI, Learning & Computing, Networks) must review rejected proposals, seek external mentorship from IIT/NIT peers, and re-apply. The department must target at least one sanctioned government grant in the next year.
4. Leverage Consultancy for Intellectual Property: The department has a prestigious \$25,000 project with JP Morgan but only 2 published patents.
  - ✓ Address examination reports of patents promptly to move from "Published" status to "Granted" status.

### **Quality Circles and Outcome**

#### **Quality Circle 1: Research & Consultancy**

**Outcome:** published quality papers in SCI and Scopus journals.

#### **Quality Circle 2: Faculty Development**

**Outcome:** encouraged faculty to participate in various FDPs, workshops and conferences to transform knowledge to the student community.

### **Best Practices in the Department:**

- Efficient usage of Resources for Academic excellence and Placement training
- Industrial Projects for students in Private and Public sector undertaking through industrial Internships.

### **SUMMARY**

The ECE Department demonstrates a healthy academic environment with a robust graduation rate and commendable placement figures (84.78%). The department has successfully established a JNTUK Research Centre and secured significant industry funding (₹14.5 Lakhs) from Efftronics Systems Pvt. Ltd. However, the quality of placements in terms of salary packages and the absence of government-funded research projects are areas requiring strategic attention.

### **STRENGTHS OF THE DEPARTMENT:**

- 84.78% of eligible students successfully placed.
- Successfully secured ₹14.5 Lakhs from Efftronics Systems.
- 4 Patents already granted, indicating high innovation potential.
- Strong Ph.D. ratio (~58%) with a dedicated JNTUK Research Centre on campus.

### **WEAKNESSES OF THE DEPARTMENT:**

- Zero students placed with >10 LPA packages; average is only 3.46 LPA.
- No government-funded R&D projects (DST, SERB, etc.).
- The M.Tech program has only 1 student, threatening its sustainability.
- Absence of consultancy despite having competent faculty.

### **SUGGESTIONS FOR IMPROVEMENTS:**

1. "High-Value" Placements: The department places students well (84%) but at low salaries (Avg 3.46 LPA, Max 7 LPA).
  - ✓ The placement training must pivot from "mass recruiting" skills to "niche" skills. Introduce advanced tracks in VLSI Design, Embedded AI, or Chip Design in collaboration with industry partners to target packages above ₹10 LPA.
2. Research Grants: While industry funding is good (Efftronics), government funding is NIL.

- ✓ With a JNTUK Research Centre and 4 granted patents, the department is prime for funding. Target schemes like DST-FIST or SERB-SURE specifically leveraging the existing patents as proof of concept.
- 3. Monetize Patents and Consultancy: 4 Patents granted but Consultancy income is NIL
  - ✓ The patents should not just remain on paper. Explore technology transfer to local industries (like Efftronics). Additionally, use the labs (e.g., Signal Processing, Communication Labs) to offer testing/consultancy services to local telecom or electronics SMEs.
- 4. Address Second-Year Academic Dip: Pass percentage drops to 66.67% in II Year, I Semester.
  - ✓ This semester introduces complex core subjects. Implement "Diagnostic Tests" at the start of II-I to identify slow learners early and run targeted remedial classes before the mid-terms.

#### Quality Circles and Outcome

(Please attach Annexure if required)

#### Best Practices in the Department

(Please attach Annexure if required)

#### SUMMARY

The Department of Electrical and Electronics Engineering (EEE) maintains a solid academic standing with a faculty-student ratio of 1:15 and a healthy placement rate of 85%. The department has made significant strides in Intellectual Property with 8 granted patents and has secured government funding worth ₹15 Lakhs. However, academic transition in the first year and the monetary value of placements (average package ₹3.0 LPA) remain areas of concern.

#### STRENGTHS OF THE DEPARTMENT:

- Exceptional performance with 8 Granted Patents, demonstrating strong innovation capabilities.
- Successfully secured a major government grant (₹15 Lakhs) and industry funding.
- Active consultancy cell earning ₹1.44 Lakhs, showing practical application of resources.
- High average faculty experience (15 years) and >50% Ph.D. holders.

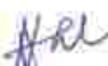

7 A. S. Bagla  
17/12/15 *[Signature]*

## WEAKNESSES OF THE DEPARTMENT:

- While the placement rate is high (85%), the quality is low (Max ₹4.5 LPA, Avg ₹3.0 LPA). No student crossed the ₹5 LPA mark.
- Critical drop in performance during the first year (54.69% pass rate in I-I), leading to potential backlog accumulation.
- Only 2 students opting for higher education suggests a lack of motivation for research or specialized careers among students.

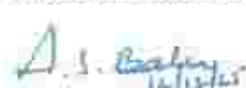

## SUGGESTIONS FOR IMPROVEMENTS:

1. Placement Training: The department has 85% placement, but all these are below ₹5 Lakhs.
  - ✓ The "Quality Circle on Skill Development" must urgently introduce training in high-paying niche areas like EV Battery Management Systems (BMS), Smart Grids, or Embedded IoT. Relying on traditional IT service roles is capping the salary potential.
2. Remedial Action for First-Year Transition: Nearly half the class fails in the very first semester (54.69% pass rate).
  - ✓ Implement a 3-week Induction/Bridge Course covering the basics of Mathematics and Circuit Theory before the regular curriculum begins. Identify slow learners in the first month and assign faculty mentors for mandatory remedial sessions.
3. Leverage Patents for Industry Ties: 8 Patents Granted is a significant asset that is currently underutilized.
  - ✓ The department should organize an "Innovation Showcase" inviting R&D heads from companies like Efftronics, Amar Raja, and Greenko to demonstrate these patents. This can lead to technology transfers or higher-value consultancy/hiring.
4. Enhance Research Output: While one major grant is in place, 8 faculty are still pursuing Ph.D.s.
  - ✓ Set a strict deadline for the 8 faculty members pursuing Ph.D.s to submit their theses. Provide them with a reduced teaching load for 6 months to expedite completion and increase the department's Ph.D. ratio.

### Quality Circles and Outcome

(Please attach Annexure if required)

- QC1: Knockout backlogs-Special attention on academically weak students.
  - Good number of students completed their backlogs and Pass percentage/Success rate is improved.
- QC2: "Quality Placements - QC"
  - 120 numbers of students got placed in well known best MNCs and highest pay package of the department is improved.

### Best Practices in the Department

(Please attach Annexure if required)

- To achieve expected competencies in academic skills.
- To achieve good quality placements and Internships.

### SUMMARY

The Department of Information Technology has conducted a self-assessment following the first-quarter audit of the 2025-26 academic year. The department is proactive in identifying critical gaps: specifically, in high-value placements, student research, and value-added

*A. S. Bapuji* *100*  
12/12/25 *nitm*

courses. While the faculty has demonstrated research output (4 quality journals), student participation in value-added courses is resulting in student publications.

#### **STRENGTHS OF THE DEPARTMENT:**

- The department has a clear, written action plan addressing specific deficits identified in the Q1 audit.
- Identification of "meritorious students" for specialized product-based company training is a strong strategic move.
- Existing publication of 4 quality journal articles demonstrates faculty competency.
- The plan to introduce Tableau and Java Front-end courses aligns well with current market demand.
- Utilizing alumni for talks and funding can significantly enhance industry connections.

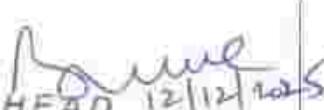

#### **WEAKNESSES OF THE DEPARTMENT:**

- No tangible consultancy outcomes; activities are limited to "interactions".
- The department is missing out on high-package offers.

#### **SUGGESTIONS FOR IMPROVEMENTS:**

1. Formalize Consultancy: Consultancy is stuck at the "interaction" stage.
  - ✓ The department should aim to sign at least one MoU with a local SME specifically for "Technical Services" or "Training" to generate revenue before the next audit.
2. Revitalize Alumni Engagement: Alumni activities need improvement.
  - ✓ Establish a "Mentorship Circle" where alumni in high-package roles mentor the "meritorious students" identified for product-based training.

### Quality Circles and Outcome

(Please attach Annexure if required)

- Quality Circle 1: Student Performance in Examination
- Quality Circle 2: Student Placements, Higher Studies & Competitive Exams
- Quality Circle 3: Research
- Quality Circle 4: Student Participation

### Best Practices in the Department

(Please attach Annexure if required)

- Best Practice 1: Dassault Systemes Training Program.
- Best Practice 2: Campus specific training for placements
- Best Practice 3: Encouraging Faculty for AICTE QIP-PG Certification Program

### SUMMARY

The Mechanical Engineering Department demonstrates strong academic performance, research culture, and student outcomes, supported by robust infrastructure and an active faculty team. The enrolment in PG program remains notably low. The addition of a new Embedded Systems & IoT Lab, complemented by significant equipment investments including 3D printers, NDT equipment, and renewed CAE software licenses. Faculty have actively engaged in research, resulting in 56 publications, 9 patents filed, and 4 patents granted. The department has made significant strides in Intellectual Property Rights (IPR) with multiple patents granted and filed. There is a distinct need to revitalize the M.Tech. program, which suffers from low enrolment. Although the placement quantity (100%) is excellent, the average salary package (2.56 LPA) indicates scope for quality enhancement. Student progression toward higher studies, both domestic and international is also concerning.

### STRENGTHS OF THE DEPARTMENT:

- Achieving 100% placement for the final year batch is a commendable milestone.
- A healthy ratio of SCI/Scopus publications and a strong portfolio of filed/granted patents.
- The entire faculty body is actively engaged in FDPs and continuous learning.
- The addition of the IoT & Embedded Systems lab opens avenues for interdisciplinary projects combining Mechanical and Electronics.
- The Department has ongoing projects worth Rs. 43.00 lakhs.

*A. S. Bagla*  
12/12/2025

#### WEAKNESSES OF THE DEPARTMENT:

- While placement quantity is 100%, the average package (2.56 LPA) and median package (2.16 LPA) are relatively low.
- The M.Tech program has very low enrolment.
- A large portion of the faculty (14 members) are currently pursuing Ph.D.s.

#### SUGGESTIONS FOR IMPROVEMENTS:

1. While the number of placements is excellent, focus should shift toward attracting core companies to improve the average salary package.
2. The administration should support the 14 faculty members currently pursuing Ph.D.s to expedite their completion, aiming to raise the Ph.D. ratio above the current 44.4%.
3. Market the capabilities of the new Dassault Systems Lab (APSSDC), NDT and 3D Printing facilities to local industries to boost consultancy revenue.

	Highest pay Package	A	Rs.7,40,000	
	Minimum Pay Package	B	Rs.2,40,000	
	Average pay package	B	Rs.3,50,000	
	Median pay package	C	Rs.3,50,000	

### Quality Circles and Outcome

(Please attach Annexure if required)

#### Name of the Quality Circle – Research

1. Three Scopus index paper are published in the department (1paper in Book chapter, and 2 papers in Conferences).
2. 8 papers are published in ABDC indexed Journals
3. Rs. 50,00,000 worth projects are applied for the Funding
4. Received Rs. 5,61,900 from Ministry of women and Child Development, New Delhi for three day programme on gender budgeting.
5. Dr. M. Dhadurya Naik of the Department Submitted one Minor Project for ICSSR, New Delhi

### Best Practices in the Department

- Best Practice 1: Certificate Courses (CC)
- Best Practice 2: Professional Skills Development Subject, Small and Medium Enterprise (SME) Project
- Best Practice 3: Establishment of consumers club
- Best Practices 4: Budding managers

## **SUGGESTIONS FOR IMPROVEMENTS:**

1. Improve research publications in indexing journals
2. Separate computer lab facility has to be provided, as most of the courses are data –driven.
3. Innovate teaching learning has to be enhanced through activity based learning.
4. More number of industry linked training programmes need to be conducted.

### 13. Quality Circles and Outcome

Various departments have established the following quality circles

#### 1. Research and Consultancy

**Outcome:** To publish more quality papers in SCI and Scopus journals. Increase the revenue in consultancy.

#### 2. Faculty Improvement

**Outcome:** To encourage faculty by delivering FDPs and to participate in various workshops and conferences.

#### 3. Language Enhancement

**Outcome:** To improve the communication skills among the student community.

#### 4. Student Placements, Higher Studies and Competitive exams

**Outcome:** To enhance the skills among students by organizing Skill Development Programs, internships and innovation training.

#### 5. Industry-Institute interaction

**Outcome:** To promote field projects and internships.

#### 6. STEP:

**Outcome:** To enhance the Listening, Speaking, Reading and Writing skills

### 14. Best Practices of the Institution

1. Proactive management offering financial incentives for paper presentation, patent filing, attending FDPs and Seed Money for Research Projects.
2. Encouraging faculty and students to get certified in NPTEL courses.
3. Encouraging faculty to get AICTE- PG certification.

A. S. Babu  
12/12/15

4. Maintaining a healthy Student-Faculty Ratio
5. Regular feedback system is implemented effectively.
6. Implementing eco-friendly practices such as: solar energy (200 kWp), rain water harvesting, Solid Waste Management (600 kg/week) to achieve environmental sustainability.

#### **Summary**

The institute demonstrates strong performance in academic adherence, student placements (85.75%), and student pass percentages. It holds prestigious accreditations like NAAC A+ and ISO 21001:2018. However, there are notable gaps in non-government R&D funding, start-up generation, and faculty Ph.D. ratios that require strategic intervention.

#### **STRENGTHS:**

- **Strong Placement Record:** 85.75% of students placed, with a significant number (125) in the 5-10 LPA bracket.
- **Research Output:** High number of Scopus (129) and International Conference (74) publications.
- **Infrastructure:** Robust IT infrastructure with 1040 Mbps bandwidth and a massive 350 kW solar plant.
- **Student Achievements:** Exceptional performance in sports (Gold medals in Swimming, Archery, Cricket) and NCC (All India Gold Medal in Health & Hygiene).
- **Examination Rigor:** Results declared swiftly (14 days) and 838.94 Sqm dedicated secure area for exams.

#### **WEAKNESSES:**

- Faculty Ph.D. Ratio is low for a research-focused growth trajectory.
- Zero start-ups and zero awards from outside platforms for entrepreneurship.
- Very low presence of non-government/industry-sponsored R&D projects.
- Lack of Green Audit and Environmental Audit certificates despite having solar infrastructure.
- A bulk of placements are in the <5 Lakh package range, suggesting reliance on mass recruiters which can be volatile.

#### **SUGGESTIONS FOR IMPROVEMENTS:**

1. **Faculty Development Drive:**
  - o **Immediate Action:** Incentivize existing faculty to register for Ph.D. programs. The current count of 93 Ph.D. holders must be doubled to improve academic standing.
2. **Revamp Innovation Ecosystem:**
  - o **Start-up Focus:** Move beyond "Incubation ideas" to actual company incorporation. Create a dedicated "Start-up Cell" separate from the placement cell to mentor the 3 current ideas into marketable businesses.
3. **Industry Funding:** Set a target for the R&D team to apply for at least 5 Non-Government/Industry sponsored projects in the next academic year.

**4. Environmental Certifications:**

- Since the campus already has a 350kW solar plant and rainwater harvesting, immediate steps should be taken to formally conduct and acquire the **Green Audit** and **Environmental Audit** certificates. This will help for accreditation points.

**5. Enhance Placement Quality:**

- While volume is high (85.75%), the focus should shift to quality. Currently, 568 students are below 5 LPA. Utilize the **Center of Excellence in CSE/ECE** to offer niche high-end training to shift these students into the >5 LPA bracket.

**6. Consultancy Expansion:** With 12 faculty already generating ₹18.1 Lakhs, there is potential to scale this by leveraging the 5 Centers of Excellence.

**7. Incubation:** The college is an MSME host institute with 3 incubation ideas worth ₹34 Lakhs currently running. This can be converted into actual start-ups.

**8. Alumni Engagement:** Alumni currently support with guest lectures; this can be expanded to support student start-ups or industry consultancy leads.

## ACADEMIC AUDIT REPORT FOR THE ACADEMIC YEAR 2024-2025

1. Name of the Section: **Exam Section**
2. No. of faculty: 1 Controller of Examinations, 4 Asst. Controller of Examinations
3. No. of Supporting Staff: 2 **Junior Programmers**, 5 **Office Assistants**,  
1 **Record Assistant**, 3 **Attendees**

Please give your comments / suggestions on the procedures followed in the examination section.

- i. Whether the examination section structure is designed as per the UGC guidelines? - YES
- ii. Does the duties of the staff are clearly defined? - YES
- iii. Whether the section possesses Academic Regulations, course structure, syllabi and micro syllabi of the subjects of all the departments in a proper format? - YES
- iv. Does the section keeping the record of notifications, internal examination schedules and external examination schedules properly? - YES

### v. Procedure of finalization of internal examinations marks and display of final marks.

As per B.Tech PVP23 Regulations in a semester for theory subjects, there shall be two midterm examinations. Each midterm examination consists of

- one objective examination (20 multiple choice questions OR 05 short answer questions with 2 marks each) for 10 marks for duration of 20 minutes,
- one subjective examination (contain 3 essay type questions with an internal choice) Each question carries 10 marks. The marks obtained in the subjective paper are condensed to 15 marks and the duration will be 90 minutes, and
- a home assignment for 5 marks.

The total marks secured by the student in each midterm examination are evaluated for 30 marks. Internal marks can be calculated with 80% weightage for better of the two midterm examinations and 20% weightage for other midterm examination.

After valuation, internal answer scripts will be handed over to the student to check their marks. If any discrepancies are identified they will be brought to the notice of the

*AKD*  
12/12/25

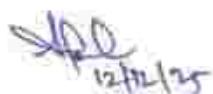

*A. C. Bapu*  
12/12/25

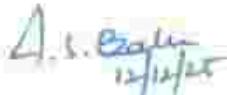

concerned teacher and necessary measures will be taken. The finalized marks are displayed in the college website for students and parents reference.

As per B.Tech PVP20 Regulations in a semester for theory subjects, there shall be two midterm examinations. Each midterm examination consists of one objective examination (20 multiple choice questions) for 10 marks and the duration will be 20 minutes, one descriptive examination (3 full questions for 5 marks each) for 15 marks and the duration will be 90 minutes and a home assignment for 5 marks. The total marks secured by the student in each midterm examination are evaluated for 30 marks. Internal marks can be calculated with 80% weightage for better of the two midterm examinations and 20% weightage for other midterm examination. After valuation, internal answer scripts will be handed over to the student to check their marks. If any discrepancies are identified they will be brought to the notice of the concerned teacher and necessary measures will be taken. The finalized marks are displayed in the college website for students and parents reference. For Integrated courses, final internal marks are calculated by taking into consideration 70% from theory internal mark and 30% from practical internal marks secured by the student.

As per M.Tech PVP22 Regulations in a semester for theory subjects, there shall be two midterm examinations for 30 marks (2 Questions from each unit with an internal choice, each question carries 15 marks) with a duration of 90 minutes and two home assignments for 10 marks each. The internal examination marks shall be awarded by calculating the average of marks secured in two midterm examinations and average of marks secured in two assignments. After valuation, internal answer scripts will be handed over to the student to check their marks. If any discrepancies are identified they will be brought to the notice of the concerned teacher and necessary measures will be taken. The finalized marks are displayed in the college website for students and parents reference.

As per M.B.A. PVP21 Regulations in a semester for theory subjects, there shall be two midterm examinations for 20 marks (4 Questions each for 5 marks) with a duration of 120 minutes and a seminar/presentation for 10 marks. The internal examination marks shall be awarded by calculating the average of marks secured in two midterm examinations and the marks secured in seminar/presentation. After valuation, internal answer scripts will be handed over to the student to check their marks. If any discrepancies are identified they will be brought to the notice of the concerned teacher and necessary measures will be taken. The finalized marks are displayed in the college website for students and parents reference.

  
12/12/25

  
12/12/25

As per M.B.A. PVP24 Regulations in a semester for theory subjects, there shall be two midterm examinations for 20 marks (4 Questions each for 5 marks) with a duration of 120 minutes, 10 marks for vivo-voce (5 marks for presentation and 5 marks for seminar) and for a total of 30 marks. The final internal examination marks shall be awarded by calculating the average of marks secured in two midterm examinations and the marks secured in seminar/presentation. After valuation, internal answer scripts will be handed over to the student to check their marks. If any discrepancies are identified they will be brought to the notice of the concerned teacher and necessary measures will be taken. The finalized marks are displayed in the college website for students and parents reference.

#### **vi. Question paper setting procedure and moderation of question paper.**

Experts having Doctoral Degree in the area of specialization of the subject for which the end semester examination question paper has to be set, are identified from the reputed institutions. Each paper setter has to prepare 2 Question papers of the allotted subject. Generally 4 sets of question papers are maintained one will be picked randomly on the day of examination. Detailed instructions regarding question paper setting and confidentiality are informed to the paper setter's prior to issue.

S. No.	Description	Remarks										
<b>Question Paper</b>												
1.	Question paper conforms and covers the entire syllabus	Yes										
2.	Marks allotted to each question and sub division are appropriate	Yes										
3.	Appropriate questions are asked in each part	Yes										
4.	Any repetition of questions identified	No										
5.	Question paper is free from spelling / grammatical errors	Yes										
6.	Question paper is answerable by an average student in the time of 3 hrs	Yes										
7.	Whether the question paper suffers from any missing/inadequate data	No										
8.	Overall standard of the question paper after scrutiny:	<table border="1" style="display: inline-table; vertical-align: middle;"> <tr> <td>1</td><td>2</td><td>3</td><td>4</td><td>5</td></tr> <tr> <td colspan="5">5 being the Best / 1 being the Least - Put ✓ mark</td></tr> </table>	1	2	3	4	5	5 being the Best / 1 being the Least - Put ✓ mark				
1	2	3	4	5								
5 being the Best / 1 being the Least - Put ✓ mark												
<b>Answer Script</b>												
9.	Whether the scheme cum solution set is prepared at depth giving solutions to all the questions?	Yes										
10.	Whether the examiner valued the answer scripts strictly following the scheme?	Yes										
11.	Whether all the answered questions are evaluated by the examiner?	Yes										

*SAF*  
12/12/15

*A. Biju*  
12/12/15

12.	The marks in the answer scripts are correctly reflected in the award list by the examiner.	Yes
13.	Whether this examiner be continued for further evaluation work?	Yes

**vii. Conduct of semester end examinations and Evaluation procedure and reevaluation process adopted in the system.**

Sealed Question paper packets are opened directly in the examination hall in front of the students by the invigilator. The seating plan is arranged such that 6 students from different branches and no student from the same branch will be seated adjacently. After the completion of the examination, spot valuation will be conducted in the college by blend of external and internal examiners in the ratio of 60:40 based on the no. of subjects in the semester and a chief examiner for each subject will be monitoring the evaluators valuation process guiding them based upon the scheme and solution set provided to them and randomly 10% of the scripts of each evaluator are evaluated by him. After declaration of the results a notification will be issued by the Controller of Examinations, the students can submit the applications for revaluation, along with prescribed fee receipt for revaluation of his/her answer script(s) of the theory course(s). A new Examiner, other than the first Examiner shall re-evaluate the answer script.

For PG programs (M.Tech & MBA) there shall be two evaluations, first valuation is done by External Examiners and second valuation is done by Internal Examiners (other than the faculty handled the subject). If the difference between the two valuations is more than 20% of the total semester end examination marks, then it is referred to a third valuation done by the subject expert apart from above two valiators. The final marks are considered by taking the average of nearest of above valuations. After declaration of the results a notification will be issued by the Controller of Examinations, the students can submit the applications for challenge valuation, along with prescribed fee receipt for challenge valuation of his/her answer script(s) of the theory course(s). The Controller of Examinations shall arrange for challenge valuation of the answer scripts.

**viii. Whether the results are declared within the stipulated period? - Yes**

**ix. Is there any proper mechanism to publish the results and result analysis? - Yes**

**x. Whether the Tabulation register is available? - Yes**

**xi. Verify the following documents and give your suggestions**

Minutes of examination committee and finance committee meetings.

*✓✓✓  
12/10/25*

*A. S. Easwar  
12/10/25*

- Available and maintained properly

Malpractice cases

- All such cases are Recorded in a Malpractice Enquiry Committee Register and the information is passed on to the parents also.

Reports send to university for issue of Original Degree certificates.

- Are well organized and an Office Copy is maintained

Security features on Grade Card and Grade Card Issue Record

- Seven Security features are noticed in the Grade Card and Grade Card Issue Record is also maintained along with Memo Nos.

Stock Register

- Maintained and all the procurements are recorded.

#### 4. Strengths:

- The complete examination system is fully automated.
- All Question papers are strictly adhering to the cognitive levels of the Blooms Taxonomy. Each question in internal and external examinations is clearly indicated with the mapped course outcomes and Blooms Taxonomy level of learning.
- The B.Tech (PVP20 & PVP23) curriculum is embedded with new type of courses such as job oriented electives, skill based courses, integrated courses (blend of theory and practical), internships, community service project, etc., in accordance with the guidelines given by the Apex Bodies.
- The college has implemented Academic Bank of Credits (ABC) to promote the flexibility in the curriculum as per NEP-2020.
- Facility to opt an elective course through blended MOOCS mode is also introduced.
- The Students with good academic record and interest towards higher studies and research are facilitated to choose additional or specialized courses of their choice and build their competence at UG level by acquiring an additional 20 credits, to the required credits. Such students are given a provision to earn B.Tech Honors Degree or B.Tech Major Degree with Minors in chosen specialization.
- In the Academic year 2024-2025, 83 Students secured HONORS Degree and 1 Students secured MINORS Degree.
- A Student shall be permitted to pursue up to a maximum of two elective courses under MOOCs during the Programme. Each of the courses must be of minimum 12 weeks in duration. Attendance will not be monitored for MOOC courses. Student has to pursue and acquire a certificate for a MOOC course only from the organizations/agencies

*SDS  
12/12/25*

*D.S. Bapuji  
12/12/25*

approved by the BOS in order to earn the 3 credits. The Head of the Department shall notify the list of such courses at the beginning of the semester.

- In PVP20 regulations, of the 20 additional credits to be acquired, 16 credits shall be earned by undergoing specified courses listed as pools, with four courses, each carrying 4 credits. The remaining 4 credits must be acquired through two MOOCs, which shall be domain specific, each with 2 credits and with a minimum duration of 8/12 weeks as recommended by the Board of studies.
- As per the UGC guidelines, the university shall allow upto a maximum of 20% of the total courses being offered in a particular program i.e., maximum of 32 credits through MOOCs platform (SWAYAM / NPTEL).
- The examination policies and procedures followed are strictly adhering to the guidelines issued by the Apex Bodies and Affiliating University.
- Printing Zone and Strong Room are equipped with Bio-metric Access Control. 16 Closed Circuit Cameras are available for round the clock vigilance. 2 Spot Valuation Rooms are equipped with 12 Air Conditioners so that Valuation can be conducted even during the summer. Adequate Infrastructure facilities are available. Server – 1, High Speed Printing Machines– 4, Duplicators – 2, Systems – 14, Shredder -1, OMR scanner-1, Scanners-2.
- Examination Fee is waived off to the Physically Handicapped Students.

#### COMMENTS:

The Exam Section is very well equipped to take care of the confidentiality with 2 to 3 levels of security.

It is commendable to note that ABC is implemented since 2021 and more than 30000 records are uploaded.

3.	403	COE Room	21.29
4.	404	Spot Room -2	171.20
5.	405	Coding Room	101.05
6.	406	Strong Room	49.04
7.	106	Examination Section	165.00
<b>Total</b>			<b>838.94</b>

##### Equipment:

Adequate Infrastructure facilities are available.

Server - 1, High Speed Printing Machines- 4, Duplicators - 2, Systems - 14, Shredder-1, OMR scanner-2, Printers-8, Scanners-2.

2 Spot Valuation Rooms are equipped with 12 Air Conditioners so that Valuation can be conducted even during the summer.

#### ➤ Availability of Staff:

No. of faculty: **1 Controller of Examinations and 4 Assistant Controllers**

No. of Supporting Staff: **2 Junior Programmers, 5 Office Assistants, 1 Record Assistant, 3 Attenders**

#### ➤ Security Measures:

**Access to Examination Section:** The Examination section is span across 2 parts, i.e., examination conduction section (ground floor) and confidential section (3<sup>rd</sup> floor). Access to confidential section is strictly restricted to Faculty. Only COE, ACOEs and

*S.P.D  
12/11/2014*

*A.C. Basu  
12/11/2014*

Dedicated Supporting Staff are permitted. Restricted access to Conduction section is permitted to staff and students when needed. Dedicated Internet (VPN) Facility is provided restricting access to outside network is provided.

**General Security Measures:** Printing Zone and Strong Room are equipped with Biometric Access Control. 16 Closed Circuit Cameras are available for round the clock vigilance.

**Security on Grade Cards, CGC etc.:** Several Security features such as Micro Printing, High Resolution Border, Penetrating Numbering, Invisible Printing, Anti Copy, Opaque Text, Flourocent Orange Ink Logo are incorporated in the Semester Grade Card and Consolidated Grade Card etc.,

#### **Maintenance of Records:**

Proper filing and documentation of records is strictly followed at every phase in the examination section. Separate filing system with proper nomenclature is regularly maintained and updated. Periodically files are verified by various inspection committees such as ISO, IQAC, etc.

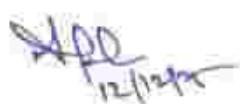

- **Register for used/unused Answer Booklets and Mark memos:** Bulk printing of Answer Booklets and Mark memos are done by External Printing Agencies. Printing of Variable data in Marks Memos such as grades, SGPA, CGPA etc is done internally. Usage of answer booklets and mark memos are properly recorded.
- **Availability of Answer Scripts of earlier Semesters/Years:** All the answer scripts of the external examinations are packed post valuation and revaluation and are placed securely in strong rooms. Access to strong rooms is strictly under the vigilance of COE/ACOEs. The strong rooms are equipped with Surveillance Cameras and biometric access.
- **Preparation and adherence to timetables:** Academic Calendar is prepared for every academic year well in advance. All internal and external examination timetables are prepared in accordance with the scheduled given in the Academic Calendar. The conduction of examinations is strictly adhered to the time tables issued.

*DRD  
11/12/25*

*A. S. Bagley

## Adherence to Procedures

- **Question Paper Setting:** Experts having Doctoral Degree in the area of specialization of the subject for which the end semester examination question paper has to be set, are identified from the reputed institutions. Each paper setter has to prepare 2 Question papers of the allotted subject. Generally 4 sets of question papers are maintained one will be picked randomly on the day of examination. Detailed instructions regarding question paper setting and confidentiality are informed to the paper setter's prior to issue.
- **Conduct of Examinations:** On the day of examination, randomly a question paper is selected by COE. The moderators will be present from 7.30 am to 10.15 am and 11.00am to 02.15 pm to check the whether the paper is confined to the syllabus or not. After verification of the question paper by the moderators, multiple copies of question paper are printed based on the no. of students applied for the examination. The question papers are placed in a sealed cover based on the seating arrangement of examination rooms. The question papers are dispatched to the rooms 5 minutes prior to commencement of Examination in presence of internal and external observers. Sealed Question paper packets are opened directly in the examination hall in front of the students by the invigilator. After examination the answer scripts are arranged based on the department and subject. Sealed answer scripts are then sent to confidential section for further processing.
- **Declaration of Results:** After the completion of the examination, spot valuation will be conducted in the college by blend of external and internal examiners in the ratio of 60:40 based on the no. of subjects in the semester and a chief examiner for each subject will be monitoring the evaluators valuation process guiding them based upon the scheme and solution set provided to them and randomly 10% of the scripts of each evaluator are evaluated by him. The subject valiators are pooled from various reputed institutions who have taught that subject at least twice. Chief valiators are generally senior faculty/Doctorates in that subject discipline. Post valuation and scrutiny the marks are entered and thoroughly verified. The results are declared after the approval of results committee comprising of the Principal, COE & Respective HOD's. The results are disseminated to the students through Results web portal, SMS. All the results will be ratified in the Academic Council.

Dr. S. S. Bagley

Dr. S. S. Bagley  
12/12/25

\* As per the recent guidelines issued by the JNTUK a University Nominee has to be present during declaration of results for which a representation has been submitted to the University to depute a University Nominee.

- **Revaluation:** After declaration of the results a notification will be issued by the Controller of Examinations, the students can submit the applications for revaluation, along with prescribed fee receipt for revaluation of his/her answer script(s) of the theory course(s). A new Examiner, other than the first Examiner shall re-evaluate the answer script. The revaluation results are approved by results committee.

**NSS UNIT-REPORT**

**2024-25**

1. 32 NSS volunteers of PVP Siddhartha have visited Sharon Orphanage Home at Mangalagiri on 11-06-2024. They have distributed monthly supplies, spent the entire day with the kids by means of various games, songs and dancing. The day is spent well, filled with smiles from the little kids.
2. Yoga Demonstration is organized by NSS Unit, PVP Siddhartha Institute of Technology on the eve of International Yoga Day on 21-06-2024. A total of 68 students and 12 faculty members have attended the demonstration. Volunteers under the guidance of Murthy Sir, renowned Yoga trainer, have demonstrated Yogasanas.
3. The Jagannatha Ratha Yatra, a three-day annual event, is scheduled from 12<sup>th</sup> July 2024 in Vijayawada. Around one lakh people have participated in the festival. The 8-km Yatra has commenced at 2 p.m. from D-Address Mall and covered prime localities. 60 volunteers have rendered services like canvassing about the Yatra, distribution of pamphlets, water and buttermilk during the event.
4. K.Anisha, J.Sai Prudhvi, O.Rahul, Koushik and Rajesh of 3<sup>rd</sup> B.Tech have been felicitated at the Samagra Shiksha Abhiyan-SSA, AP State Office, Patamata, Vijayawada, on 15-07-2024 by B.Srinivasa Rao, IAS, Commissioner, Samagra Siksha Abhiyan, AP for rendering services as ATL Mentors at Penamaluru High School during the academic year 2023-24.
5. All 60 final year volunteers have been bestowed with NSS Student Coordinator certificates on 20-07-2024 for their precious services during the academic years 2022-23 and 2023-24 as NSS Volunteers.
6. On 29-07-2024 and 30-07-2024, Dr.M.Shyam Sundar, Programme Officer, NSS unit, and 25 NSS Volunteers have addressed the first year students as part of the Induction Programme on the activities/camps being conducted by NSS Unit of our institute.
7. Campus Visit for I B.Tech students is conducted by 24 volunteers on 07-08-2024. The volunteers accompanied the students to take a look at the infrastructural facilities available in the campus.
8. Blood donation is a selfless act that saves lives and exemplifies the values of compassion and service, said Prof. P. Venkateswara Rao, Vice-Chancellor of Siddhartha Academy of Higher Education (Deemed to be University), at the inaugural session of a mega blood donation camp organized by the NSS units of VRSEC and PVPSIT, in association with the Central GST Department and the Red Cross. Prof. Rao encouraged students to participate and make a difference. 26 students from PVPSIT have donated blood during the camp on 08-08-2024.
9. On the eve of Independence Day Celebrations, an elocution competition is organized on the topic, "What do you mean by Patriotism?" to 118 students on 14-08-2024. Prizes are distributed to the best performers.
10. Tree plantation is very necessary because trees provide oxygen to the environment and make the air quality better. If more trees are planted, then the world's environment will become a safer place to live in. Tree plantation also reduces pollution, thus making the life of future generations secure. Keeping this objective in mind, a Plantation Camp is organized by NSS Unit with 34 volunteers on 20-08-2024 where 50 saplings are planted.
11. A trainee doctor is brutally raped and murdered at RG Kar Medical College, Kolkata on 9th August 2024. The case has sparked widespread outrage and led to nationwide protests by thousands of doctors, medical staff and civilians, who expressed their solidarity with

A. S. Bagar  
12/11/24

SFD  
12/11/24

the victim and demanded severe punishment for those responsible. As a mark of solidarity, NSS Unit of PVPSIT has organized, "Protest through Signature" campaign in the campus on 23-08-2024, and all the staff members and students have demanded justice and 680 of them signed on the banner.

12. B.Chaitanya, the son of B.Venkatrao, attender cum water boy, has died in a train accident a month ago at Pendurthi while getting down from the train. The family has to endure deepest psychological pain as well as financial loss, incurred on medical, transport and ceremony expenses. In this regard, the staff members and students have wholeheartedly donated Rs.10,000/- to support the bereaved family and offered them a helping hand on 24-08-2024. 24 volunteers have taken the initiation of collecting donations.
13. Sports are very essential for all humans to keep themselves fit and physically strong. They have great importance in each stage of life and improve the personality of people. Sports keep our organs alert and our hearts become stronger by regularly playing some kind of sport. In this regard, SPORTS FUSION, a sports event is conducted during 27-08-2024 to 29-08-2024 with the assistance of Rotaract Club of PVP Siddhartha, 256 students have taken part in the event.
14. Groceries for 2 months are donated to Sharon old-age home on 29-08-2024 with the donations collected from staff and students. One of the biggest benefits of donating groceries at an old age home is that by doing so we can give senior group of the society a feeling of being loved, cared and valued for. With this, they get a feeling that they are still cared for and are still a part of the society. 54 students have been part of the initiative.
15. Floods that have hit Vijayawada in the first week of September and ravaged the city, colonies are submerged in water and lakhs of people are stranded in the neck deep water waiting for help. 54 NSS Volunteers have readily come forward, with the help of tubes, swam to the needy and distributed 1200 meal packets in Bhavanipuram area on 02-09-2024.
16. Clay idols are made from natural materials that dissolve in water, unlike Plaster of Paris idols which can contaminate water. They are biodegradable and don't harm living creatures in the water. These idols don't contain harmful chemicals or sparkles that can cause health problems. Keeping this in view, 250 Clay Ganesh Idols have been made on 04-09-2024 and distributed to the staff and students by 55 NSS Volunteers on the eve of Vinayaka Chavithi.
17. A presentation competition is conducted for 114 students on 18-09-2024 on Hollywood Classic and Inspirational Movies. 23 teams of students-each team with 5 members, have presented PPTs on classics like, Shawshank Redemption, Bucket List, Interstellar, etc.
18. Swachhta Hi Seva Abhiyan 2024 is observed with a beeline of activities that are aimed to create greater awareness on the importance of cleanliness and environmental stewardship, with tree plantation being a key activity. The Swachhata Hi Seva campaign is being observed from 17th September to 01st October, 2024 with the powerful theme of 'Swabhav Swachhata Sanskaar Swachhata'. The campaign will be a prelude to the Swachh Bharat Diwas to be celebrated on 2nd of October 2024.
19. NSS Day is celebrated on September 24th every year to mark the launch of the National Service Scheme (NSS) in 1969. It was launched to develop student character, promote social welfare, establish linkages and practice national integration. NSS Pledge is taken by 60 NSS Volunteers on 24-09-2024.
20. 62 Volunteers have rendered services during A2A RUN- Marathon organized by Vee Vibe Sports and Events at NRI Circle, Mangalagiri, Guntur on 29-09-2024 to create awareness on the benefits of walking and running. 3k run, 5 k run and 10k run and a cash prize of Rs 2.40 lakh is awarded to the winners. Distributing water, streamlining traffic, encouraging participants etc are the services offered by our volunteers.

*SAD  
12/09/2024*

21. APJ Abdul Kalam was an Indian aerospace scientist and statesman who served as the 11th president of India from 2002 to 2007. He was the recipient of several prestigious awards, including the Bharat Ratna, India's highest civilian honour. NSS Unit has celebrated his birthday on 15-10-2024 by screening his biography to 122 students.
22. Gowri Avinash, a 13 year old boy from Vijayawada, is suffering from Neurological disorder. His family has requested the NSS Unit of PVPSIT for financial support towards surgery and medical expenses. In this regard, the staff members and students of PVP Siddhartha Institute of Technology have wholeheartedly donated Rs.60,250/- (sixty thousand two fifty only) on 16-10-2024. Principal Dr.Sivaji Babu has handed over the amount to the family of Gowri Avinash and appreciated 22 NSS Volunteers for their commitment.
23. 136 staff members have been registered as voters on 21-10-2024 for the upcoming Graduate MLC elections. 35 volunteers have offered services like online registration, data entry, etc.
24. A Health Screening Camp is organized for all Male Staff Members (both teaching and non-teaching) on 23-10-2024. Diabetes, Hypertension, 2D Echo, Ultrasound scanning for kidneys, Bone density, RBS, Dental and Ophthalmology etc. tests are conducted for 126 members during the camp and 20 volunteers have coordinated the event.
25. Health Screening Camp is organized for all Female Staff members (both teaching and non-teaching) on 24-10-2024. Diabetes, Hypertension, 2D Echo, Ultrasound scanning for kidneys, Bone density, RBS, Dental and Ophthalmology etc. tests are conducted for 145 members during the camp and 20 volunteers have coordinated the event.
26. 84 NSS Volunteers have participated in the Anti-Corruption Rally at Kanuru, organized by Archaeological Survey of India, Amaravathi Circle, Kanuru, on 29-10-2024.
27. Blood Grouping Camp is organized for 720 first year students on 30-10-2024. Medical staff members from Andhra Hospitals, Gollapudi, have conducted the tests.
28. Viksit Bharat@2047 is the vision of Government of India to make India a developed nation by 2047, the 100th year of its independence. The vision encompasses various aspects of development, including economic growth, social progress, environmental sustainability, and good governance. In this regard, an essay writing on "Is Viksit Bharat@2047, an Ambitious Vision?" is conducted for 74 students on 08-11-2024.
29. The 7th edition of Amaravathi Balotsavam is held at Siddhartha Auditorium during 15-17 November 2024, with the theme of 'Way to Progress—Scientific Temper' which is the only way to take the country forward. As many as 10,000 students of 200 schools across the state have competed in six cultural and ten academic programmes. 25 NSS Volunteers have offered services like registration of participants, event coordination etc during the event.
30. 102 NSS Volunteers have rendered their services during the ninth edition of the Vijayawada Marathon which saw enthusiastic participation from over 1,800 runners in the 5K, 10K, and 21K events, held on 17-11-2024 in Vijayawada. Participants included athletes, students, youth, bureaucrats, and commoners from Vijayawada, Bangalore, Chennai and Hyderabad.
31. G.Raj Gopal, F/O G.Kumar Babu of 4<sup>th</sup> B.Tech, Dept of IT, is suffering from cancer and has to undergo chemotherapy. The family is in need of financial assistance. In this regard, the staff members and students have wholeheartedly donated an amount of Rs.44,700/- (forty four thousand and seven hundred only) to support the family on 27-11-2024. 15 Volunteers coordinated the event.
32. 25 NSS Volunteers who have offered valuable services during Amaravati Balotsavam are felicitated at Balostav Bhavan, Vijayawada on 06-12-2025.

A. S. Babu  
11/12/25

DPL  
11/12/25

33. The NSS Unit has organized a workshop, "ATAL Tinkering Lab-Mentoring" with the assistance of Board for Community Development through Education (BCDE), Andhra Pradesh State Council of Higher Education (APSCHE), sponsored by Samagra Siksha, Govt. of A.P, UNICEF, Vigyan Ashram, from 19-21 December 2024. 35 students from 7 Engineering colleges and 7 faculty members are trained as ATL Mentors.
34. Mr.P.Lalith Chandra, III CSD, has been selected for 3<sup>rd</sup> round of Viksit Bharat Young Leader Dialogue. He has attended and presented his idea, "India's Startup Revolution: Paving the Way to Global Dominance" at Acharya Nagarjuna University on 31-12-2024.
35. Blood Donation Camp is organized with the assistance of Andhra Hospitals on 08-01-2025. 45 students have donated blood during the camp. Dr. Atchayuta Babu, Andhra Hospitals and Dr. Shyam, NSS Programme Officer coordinated the event.
36. 6 Volunteers have attended Rotasia-2025, held at Silvassa, UT of Daman and Diu during 9-12 January 2025. As part of the event, the volunteers have participated in plenary sessions, leadership activities and exchange programmes.
37. Traffic awareness is crucial for ensuring road safety, reducing accidents, and fostering a responsible traffic culture. It involves understanding and adhering to traffic rules, being aware of surroundings, and promoting safe practices for all road users. An awareness on Road Safety is conducted for 118 students on 23-01-2025.
38. National Voters' Day is celebrated annually in India on 25th January to mark the foundation day of Election Commission of India. It was established by the Government of India in order to encourage more young voters to take part in the political process. NSS Unit has observed the National Voters Day with voters pledge by 426 students in the classes on 25-01-2025.
39. Drug Free India is a National Movement, launched on 15 August 2020 by the Ministry of Social Justice and Empowerment. Nasha Mukti Bharat Abhiyaan (NMBA) is a nationwide campaign addressing substance abuse through prevention, treatment, and rehabilitation. An Awareness drive on Drug Free India is conducted for I B.Tech students on 03-02-2025 by 24 volunteers.
40. Cancer awareness is important because it helps people to get screened early, which can improve survival rates. It also helps people to take steps to reduce their risk of developing cancer. Keeping this in mind, World Cancer Day is observed on 04-02-2025. 36 volunteers have visited classes to bring awareness among the students to understand what cancer is, its causes, and how to prevent and treat it.
41. Awareness on Digital Literacy is organized for 115 students on 07-02-2025. Digital literacy and awareness are crucial in today's world, encompassing the ability to use digital technologies effectively and responsibly, as well as understanding the potential risks and opportunities they present. It's not just about technical skills, but also about navigating the digital world safely and ethically.
42. Garden Cleaning camp is conducted on 11-02-2025 by 68 volunteers as part of Clean Campus initiative.
43. 28 students have participated in the elocution on the topic, "To deny people their human rights is to challenge their very humanity," conducted on 13-02-2025.
44. As per the guidelines of Siddhartha Academy of General and Technical Education, Vijayawada, CPR (Cardiopulmonary Resuscitation) Training is arranged for 24 staff members and 24 students on 14-02-2025. Dr. A. Ramesh, Casualty Medical Officer, Andhra Hospitals, Bhavanipuram, has addressed the participants and provided hands on training for them.
45. Trekking and camping fosters teamwork, shared experiences, and personal growth, while also offering numerous physical and mental health benefits. These activities encourage social interaction, build camaraderie, and provide opportunities for learning new skills.

- and developing self-confidence. NSS Unit of our institute has organized a Trekking Camp at Kondaveedu forest for 100 volunteers on 16-02-2025 with the assistance of Rotary Club, Vijayawada. The camp has started at 4 am and concluded by 4pm and is supervised by 1 faculty member as well as 6 experienced mountaineers.
46. Elocution is conducted for 47 interested students on the eve of International Mother Language Day on 21-02-2025.
47. Minister for Labour, Vasamsetti Subash has said that government is taking all steps to implement safety norms, prevent accidents and provide safety for workers in factories and other units. Mr. Subash, along with Labour Commissioner M.V. Seshagiri Babu, District Collector G.Lakshmisha, Director of Factories D. Chandrashekhar Varma, Vijayawada Municipal Commissioner H.M. Dhyanchandra and other officers participated in the run organized by Factories department on 'Industrial Safety' on the eve of 54th National Safety Week Celebrations in Vijayawada on 11-03-2025. 74 volunteers have participated in the event.
48. ATL State Level Meet on 19-03-2025. Felicitation of 155 ATL Student Mentors from 31 Engineering colleges as well as ToR exchange is successfully conducted on 19-03-2025. A total of 21 Principals, 28 Faculty Coordinators and 125 student mentors across the state have attended the event. Sri. M R. Prasanna Kumar, ASPD- Samagra Shiksha has consented as Chief Guest, Mr. Zelalem B. Tafesse, Chief of UNICEF-HFO has graced as Guest of Honour, Sri. Prateek Deshmukh, Program Manager, AIM-NITI Aayog, Govt of India; Prof. M.L.S.Deva Kumar, Secretary & CEO, BCDE-AP; Dr. K. Sivaji Babu, Principal, PVPSIT; Sri. Sheshagiri Madhusudhan, Education Specialist-UNICEF; Ms. Shikha Rana, Education Officer-UNICEF; Sri.Kishore Gaikwad, Manager of Vigyan Ashram; T. Sudershan, UNICEF Consultant are the special guests for the event. UNICEF and Samagra Shiksha have consented to and sponsored both the events. In this regard, UNICEF has sanctioned an amount of Rs.1,69,000/- (one lakh sixty nine thousand only) Samagra Shiksha, AP has sanctioned Rs.78,000/- (seventy eight thousand only) towards expenditure of both the programmes.
49. A Dental Camp by Impressions Dental Clinic, Vijayawada is organized for staff and students on 20-03-2025. 128 people have utilized the opportunity.
50. PPT Competition on Sustainable Technologies is organized on 26-03-2025 for students. A total of 14 batches-68 students have participated in the event with creative and thought provoking topics.
51. 'Viksit Bharat' means 'Developed India.' Viksit Bharat 2047 is the government's vision to drive the mission of making India a completely developed nation by its 100th anniversary of independence in 2047. The vision is based on four pillars: Yuva (Youth), Garib (Poor), Mahilayen (Women), and Annadata (Farmers). Keeping this in mind, elocution on Viksit Bharat-2047 is conducted for 58 students on 27-03-2025.
52. NSS Farewell is organized for 3<sup>rd</sup> Year NSS Volunteers on 29-03-2025. They have rendered valuable services during 2023-24 and 2024-25 in organizing numerous social service activities. All 120 volunteers have attended the event.
53. Donating groceries to orphanages is crucial because it directly addresses a basic need for children who may lack access to sufficient food and nutrition, improving their health and development. In this regard, grocery for 2 months is donated at Sharon Orphanage, Mangalagiri, on 14-04-2025. 8 volunteers have coordinated the event and interacted with the inmates.
54. A visit to an old age home is an opportunity to connect with and uplift the elderly, offering companionship, entertainment, and a chance to learn from their life experiences. These visits can provide valuable social interaction and emotional support for residents, while also offering a sense of purpose and gratitude for the individuals making the visits.

12/12/25

A.S. Bagla  
12/12/25

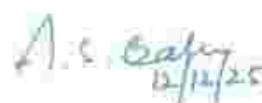

- On 16-04-2025, 8 volunteers have visited Mary Samuel Old age home and donated 2 month grocery to the home.
55. Group presentations are conducted for First year students on great leaders of India under the initiative, Viksit Bharat 2047, on 19-04-2025. 84 students have participated in the event and presented the biographies of Netaji, Patel, Bhagat Singh, etc.
56. ATL Boot Camp was attended by 5 volunteers during 28-30 April 2025 at Penamaluru High School. They have introduced new technologies that are available in the ATL lab to the students of Penamaluru High School.
57. P.Naveen Kumar of III CSE has attended Geethopadesam, a Volunteer Training event on 11-05-2025 at Aditya University, Surampalli, Kakinada District.
58. 14 volunteers have registered for Viksit Bharat Vibrant Village Program on 12-05-2025. If selected, it will provide them an opportunity to visit border areas of Ladakh, Himachal Pradesh & Uttarakhand, to be conducted during 15-30 May 2025.
59. The Digital India programme is crucial for transforming India into a digitally empowered society and knowledge economy, offering numerous benefits across various sectors. By improving access to digital infrastructure and services, the program enhances government efficiency, promotes economic growth, and fosters digital literacy. In this regard, essay writing competition is conducted on "Digital India: Power to Empower" for 54 students on 16-05-2025.
60. 10km Marathon is organized by L.V Prasad Eye Institute on BRTS Road, Vijayawada on 01-06-2025. 15 NSS Volunteers have rendered services and coordinated the event.

**5.2 Usage of Digital Library and Computing Facilities**

The Digital Library and Computing facilities are extensively utilized by students and staff for academic, research and Competitive examination preparation. The Digital Library provides access to a wide range of online resources, including e-journals, e-books, databases, NPTEL video Lectures and digital course materials. Students regularly use these facilities for accessing study materials, preparing assignments, project work and upgrading their knowledge through on line courses NPTEL and MOOCs. Faculty members also use the digital library to support teaching, learning processes and research guidance.

Overall, this digital library has become an integral academic support system, significantly contributing to the institutions teaching and research environment.

**For the effective use of self – learning resources PVPSIT Central Library established an exclusive Digital Library.**

**PRASAD V. POTLURI SIDDHARTHA INSTITUTE OF TECHNOLOGY  
KANURU – VIJAYAWADA  
CENTRAL LIBRARY**

Started in the year 1998, the Central Library is one of the most important facilities of Prasad V Potluri Siddhartha Institute of Technology as it caters to the information and research needs of faculty and students.

**6.1. Circulation Services:**

The Central Library has adopted Open Access System. All the books are arranged and classified as per Dewey decimal classification 21st Edition, which is helpful to the users to locate their desired book. The Library has excellent circulation services. All the Text books and books published by renowned authors are issued to all the students & staff members. It has enough plinth area to maintain circulation section. All the staff & students select the books from the stock area and place them on circulation counter. The counter assistant puts the due date stamp and signs on the due date slip. All books are issued to the readers on the basis of a bar code system, which supports Libsys 10 Version. This software is useful to the readers to find out their desired book and locate the book on the racks. After usage, the users return the books at the circulation section. The counter assistant scans the bar code and cancels the book against users' library account number.

### Clipping Services:

Since its inception, the central library has been maintaining clipping services i.e. news and information published in the Dailies relating to our institution and management, SAGTE, are photocopied and are placed in a separate file which is known as clipping file. The users may get ready information from the clipping file about the events of the institute. (A separate clipping file is maintained in the library).

### Bibliographic Compilation:

Not available in our Library (Bibliographic services are available in specialised libraries / Research Institutions only).

### Information Display Services:

The Central Library maintains new arrival display rack, which displays new books for the users to check new arrivals in their subject field. Library has the information display boards to display notices, pamphlets, posters for the benefit of staff & students. Library data i.e. No. of Volumes & Titles, Seating capacity, subscription of Print & e – Resources are displayed in board. One separate display board is arranged to display library rules & list of staff members are also displayed in display board and another one for Library timings.

### **User Orientation Programme:**

After 1<sup>st</sup> year B.Tech admission process, library staff visits all class rooms, directly interact with the students to bring awareness on how to use the library resources available in the Central library.

1. Book Issues & returns
2. Rules and regulations of the Central Library
3. Informing all the students regarding e-resources and usage of Digital Library.

In this orientation programme, library staff explains how the books are arranged on book racks, Text books, Reference Books, Rare Books and also inform all the 1<sup>st</sup> B.Tech students on how to access On-line & Print Journals.

**PRASAD V. POTLURI SIDDHARTHA INSTITUTE  
OF TECHNOLOGY**

**CENTRAL LIBRARY**

**Library Progress Report (2024–2025)**

**1. Infrastructure Development**

- New and comfortable library chairs were added.
- A separate Discussion Room was created for group study.
- New racks were installed in the Book Bank section.
- New UPVC windows have been installed across the entire library to improve ventilation, lighting, and overall ambience
- New Xerox and printing machines were provided.

**2. Technology Improvements**

- A cloud-based online gate register was introduced for check-in/check-out.
- CCTV cameras were installed.
- High-speed Wi-Fi is available.
- Remote access to e-resources was provided.

**3. Collection Improvement**

- New textbooks, reference books, and competitive exam books added.
- Journals, magazines, and newspapers subscribed.
- e-books, e-journals, and databases added.
- Old books removed after stock verification.

**4. Digital & Online Resources**

- Participation in NDLI Club.
- Access to IEEE, ASME, ASCE, ELSEVIER, PACKT, NPTEL, DELNET, e-Shodh, Sindhu, N-LIST, Knimbus and NDLI.
- Digital archive created for question papers and notes.

**5. Support Services**

- About 500 students use the library daily.
- Improved book issue/return services.
- Book reservation, renewal, and night issue available.
- Help provided for downloading e-resources.
- Orientation programs conducted.

*APL*  
12/12/2024

*A. I. - Engg*  
14/12/2024

## 6. Library Events

- NDLI programs, webinars, and reading activities conducted.
- Book exhibitions and orientation sessions held.
- Online User feedback collected regularly.

## 7. Extra Services

- Low-cost Xerox and printing.
- Charging points for Laptops.
- Book Bank facility.
- Extended timings (8 AM to 8 PM), open on Sundays/Holidays.
- Improved property counters and display boards.
- Mobile access for e-resources.
- OPAC available on/off campus.
- Timely procurement of the right books for the right readers was ensured through Amazon.

### Future Requirements

1. Add 20 more computers in Digital Library
2. Upgrade LIBSYS to cloud version.
3. Expansion of Library
4. Implementing RFID System for all Books & Visitors.
5. Subscribe to more e-resources.
