The session was started with an immense amount of Motivation from our Beloved Head of the Department – Dr.A. Jayalakshmi Mam. She filled our young minds with the reality of the Current Market in this Tech World. She made a clear note on the Pure Benefits we get by participating in the coding events and how it skyrockets the confidence of a Student over the programming. She ended her lecture by giving a statement "You are the Inventors don't hesitate to show your true potentials, The clubs are the way to unleash them and don't worry about the finance, the Management could take over it". It was a great interaction with our HOD.

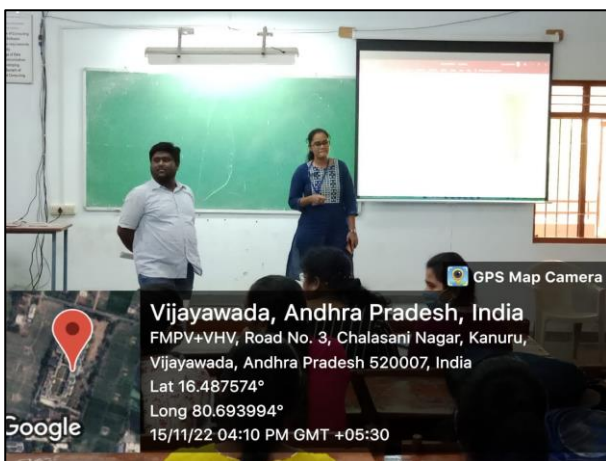

The Quiz was conducted with an initial prep of Team Separation of 2 to 3 Members for each Team. There were 10 questions in the quiz. The Time limit was 3mins for first 4 questions then 2.30s for the next 3 questions and 2mins for the Last 3 questions. The questionnaire mainly covers the topics

of Pointers, Structures, Unions, Linked lists, Stacks and Queues. Our Treasurer took the duty of changing the questions through slides. A team need to write their Team Members Roll numbers on the top of a blank sheet and continued with answers of the 10 questions. The Quiz went well without any Intrusions and all Members co-operated splendidly.
