Hi Sir,

Pls. find the feedback for the students who participated in the mock interview:

One thing I want to add for all the students is to come up with examples/ scenarios/ use-cases in interviews that can attract the interviewer.

Supriya:
Good communication skills and carried herself very formally throughout the interview.
Need to improve technical skills and brush up all the basic concepts.
She got tensed in the middle of the interview process which can be taken care of.

Prasanthi:
Very good presentation skills and confident attitude.
Very good technical skills.
The information she gives to the interviewer can be minimized(not more neither less).

Very good technical skills but presentation skills can be improved.
Carried herself very well throughout the interview and was confident.
Good analytical skills.

Jasmika:
Carried herself very enthusiastic throughout and is confident.
Technical skills can be improved.
