Research & Development Cell**

Circular

Dt.: 01.03.2024

The Research and Development Cell in association with IQAC is pleased to announce a one-day workshop titled "**The Digital Leap in Learning: GENAI Tools for Academic Empowerment**" to be conducted on **02.03.2024** from **1:30 PM to 4:30 PM** at Room no. 323.

In today's rapidly evolving educational landscape, embracing digital tools and advancements is crucial for academic growth and innovation. This seminar aims to shed light on the transformative potential of GENAI tools in enhancing teaching and learning experiences across various disciplines.

All faculty members from different departments are cordially invited to attend this informative session. Your active participation and engagement will contribute to enriching discussions and insights into the effective implementation of GENAI tools in our academic ecosystem.

E-certificate will be provided to the participants.

One-day workshop on "The Digital Leap in Learning: GENAI Tools for Academic Empowerment"

"The Digital Leap in Learning: GENAI Tools for Academic Empowerment" is a comprehensive theme that explores the integration of artificial intelligence (AI) tools, specifically GENAI, into academic environments to enhance learning experiences. It delves into various aspects of integration, including its potential benefits, challenges, and future implications.

The Digital Leap in Learning: GENAI Tools for Academic Empowerment" provides valuable insights into the transformative potential of AI tools in education and offers practical recommendations for harnessing these technologies to empower both students and educators.
