Circular

20-09-2025

In view of various merit scholarship tests, Freshman Engineering Dept. in collaboration with IQAC is offering an Eight - Day training program for I B. Tech. students on Reasoning, Aptitude and Verbal Ability. This training program will equip the students with the required skill set with which they will be able to get through various screening tests. The training program will be conducted from 21-09-25 to 28-09-25. Students appearing for merit scholarship tests are informed to attend the training program and get benefitted. The detailed schedule of the training program is given below:

S. No.	Date	Timings	Topic
1.	21.9.2025	9. 00 A. M. to 5.00 P. M.	Reasoning & Aptitude
2.	22.9.2025	9. 00 A. M. to 5.00 P. M.	Verbal Ability
3.	23.9.2025	3. 00 P. M. to 6.00 P. M.	Verbal Ability
4.	24.9.2025	3. 00 P. M. to 6.00 P. M.	Verbal Ability
5.	25.9.2025	3. 00 P. M. to 6.00 P. M.	Verbal Ability
6.	26.9.2025	3. 00 P. M. to 6.00 P. M.	Verbal Ability
7.	27.9.2025	9. 00 P. M. to 5.00 P. M.	Reasoning & Aptitude
8.	28.9.2025	3. 00 P. M. to 6.00 P. M.	Reasoning & Aptitude

Trainers:

Reasoning & Aptitude: Mr. G. Mahesh, Trainer – Reasoning & Aptitude
Verbal Ability: Dr. M. Shyam Sundar, Soft Skills Trainer, PVPSIT
Dr. Sk. Rehena, Soft Skills Trainer, PVPSIT
Venue: Ground Floor Seminar Hall

Faculty Coordinator:

Dr. N. Usha Rani, Asso. Prof.
Dr.S. Lalshmi Tulasi Asst. Prof.

SUMMARY REPORT ON EVENT ORGANIZED

ACADEMIC YEAR : 2025-56	
Dates of Event Organized	21-09-2025 TO 28-09-2025
Name of the Event	TRAINING PROGRAM
Title of the Event	An Eight Day Training Program on 'Reasoning, Aptitude & Verbal Ability'
COURSE FACILITATORS	Mr.G.Mahesh-Reasoning & Aptitude Trainer Dr.M.SyamSundar – Soft Skills Trainer Dr.Sk.Rehena -- Soft Skills Trainer
Day 1: Introduction to Reasoning and Quantitative Aptitude – Advanced Topics Understand the basics of reasoning and aptitude and how these skills are evaluated. Build advanced skills in quantitative aptitude. • Time, speed, and distance calculations • Profit, loss, and discount problems • Overview of reasoning and aptitude types • Importance of logical reasoning, problem-solving, and analytical skills • Introduction to verbal ability and its significance Numerical Aptitude Fundamentals Strengthen basic mathematical skills relevant to aptitude tests. • Basic arithmetic operations, percentages, ratios, and proportions • Number series and sequence patterns • Practice problems on arithmetic and number series • Interactive group exercises for real-time problem-solving Day 2: Advanced Verbal Ability – synonyms, antonyms, word associations and error detection and correction. Improve grammar, vocabulary, and verbal comprehension. • Building vocabulary through synonyms, antonyms, and word associations • Vocabulary-building games and quizzes • Grammar exercises focused on error detection and correction	

Day 3: Verbal Analogy and idioms

Develop the ability to identify relationships between words and apply similar relationships to solve analogies. Understand and use common idioms and phrases, enhancing comprehension and usage in verbal contexts.

- Identify the core relationship between words in an analogy question.
- Eliminate options that don't fit the established relationship.
- Practice with different types of analogies to build familiarity and confidence.
- Practice identifying idioms in reading passages.
- Understanding context to correctly interpret idioms in conversations or written texts

Day 4: Verbal Ability: articles and prepositions

The mastery of articles and prepositions, as key elements of verbal ability, enhances clarity, accuracy, and fluency in spoken and written English.

- Correct use of articles and prepositions helps organize ideas logically, which is essential for structuring thoughts in speech and writing.
- For instance, prepositions like *before*, *after*, *because of*, and *since* help establish clear cause-and-effect relationships, aiding in logical sequencing of events or arguments.
- Proficiency in using articles and prepositions is essential for writing accurately and fluently. It reduces the likelihood of errors and helps the writer express ideas smoothly.
- Correct usage prevents misunderstandings, as minor mistakes can sometimes lead to confusing or ambiguous sentences. For example, "He went *on* the plane" versus "He went *in* the plane" conveys different ideas about his actions and experience.

Day 5: Verbal Ability: Adjectives and one word substitutes

Adjectives add depth, vividness, and clarity to language, making descriptions more engaging and precise.

- Adjectives provide specific details about nouns, helping listeners or readers visualize and understand ideas more clearly.
- By using precise adjectives, speakers and writers can convey specific qualities—such as color, size, shape, mood, or intensity—which creates a vivid mental picture.
- Mastering adjectives enhances one's ability to adapt language to different social and cultural contexts. This skill is valuable when describing people, events, or products in culturally sensitive ways.
- one-word substitutes that can help make your language more precise and concise

Day 6: Verbal Ability: Tenses and voice

Tenses and voice determine the structure and timing of messages, affecting how they are understood and remembered.

- **Active Voice** is preferred for direct, clear communication, especially in most spoken language and informal writing.
- **Passive Voice** can be effective for formal writing or when emphasizing results over agents, such as in scientific reports or objective statements.

- Tenses indicate when an action takes place (past, present, or future), helping to organize ideas and convey them in a logical sequence.
- By using the appropriate tense, speakers and writers make it easier for listeners or readers to follow a timeline of events, which is crucial for clarity.

Day 7: Logical Reasoning Essentials

Develop fundamental logical reasoning skills.

- - Classification and analogies
- Blood relations and directions
- Coding-decoding techniques
- Solving classification and analogy questions
- Real-life scenario-based exercises for practice

Day 8: Mock Tests and Review

Assess overall progress and identify areas for improvement.

- Full-length mock test covering all areas: reasoning, aptitude, and verbal ability
- Review and feedback session
- Mock test under timed conditions
- Personalized feedback for each participant with recommendations for further improvement

This plan aims to systematically build skills in reasoning, aptitude, and verbal ability through a mix of theory, practice, and assessments.

Year/Semester	I YEAR / I SEM
No. of the participants	150
Name of the Co-ordinator	Dr.N.Usha Rani Dr.S.Lakshmi Tulasi
